The regulatory changes of the revised Markets in Financial Instruments Directive (MiFID II) and the associated Markets in Financial Instruments Regulation (MiFIR) will come into effect on 3 January 2018.

Therefore, Eurex Deutschland and Eurex Zürich AG (collectively: the Eurex Exchanges) decided to adjust the intra-day non-disclosure limits to ensure that all TES trades qualify for post-trade transparency waivers under MiFIR regulations. The new parameters will be effective in production on the following dates:

Block 1: 19 December 2017 – Single Stock Futures
Block 2: 21 December 2017 – Equity Options, ETC Futures & Options
