X-pand into the Future

eurex circular 231/11

Date: September 26, 2011
Recipients: All Trading Members of Eurex Deutschland and Eurex Zürich, all Clearing Members of Eurex Clearing AG and Vendors
Authorized by: Jürg Spillmann

High priority

Eurex Release 14.0: Final Eurex Interface Specifications and additional Information relating to 10 Gbit/s Connectivity

Contact: Member Services & Admission, tel. +49-69-211-1 17 00,
e-mail: customer.support@eurexchange.com

Content may be most important for:	**Attachments:**
➲ All departments	Only on the Eurex website. Please see the list of documents in this circular.

Summary:

We have published today further documentation in connection with the scheduled production start of Eurex Release 14.0 on **November 7, 2011.**

As of September 26, 2011, the final versions of the Eurex Member manuals listed in this circular are available in the Member Section on the Eurex website under the following path:

www.eurexchange.com > Member Section > Releases > Eurex 14.0

Please click on the links provided in this circular to be directly forwarded to the documents.

Important Note: The specifications for the Enhanced Broadcast Solution and Market Data Interface have been changed to incorporate changes to the template IDs. More detailed information concerning these changes will be provided in a separate Eurex circular.

The final Eurex FIX Interface Specifications and a standard FIX Repository (2010 edition, unified format) and a FIXimate (2.0 version, browser-based representation of the repository with navigation capabilities) were already published on September 23, 2011.

As previously announced, Eurex will introduce 10Gbit/s Ethernet connections for the Enhanced Transaction Solution and Enhanced Broadcast Solution interfaces for co-location customers at Equinix Frankfurt. A description of the new connection types in the form of a frequently asked questions list is now available in the Member Section of the Eurex website. A direct link to this list is also contained in this circular.

Eurex Release 14.0: Final Eurex Interface Specifications and additional Information relating to 10 Gbit/s Connectivity

We have published today further documentation in connection with the scheduled production start of Eurex Release 14.0 on November 7, 2011.

The final versions of the Eurex Member manuals listed in this circular are available in the Member Section on the Eurex website under the following path:
