In the context of today's Eurex circular 208/11 we would like to point out that today the French supervisory authority AMF published a clarification regarding the treatment of existing “net short” positions.

The new statement is available on the AMF website (www.amf-france.org) and is titled “The AMF adjusts its position regarding the rolling forward of net short positions taken before the publication of its Decision of 11 August 2011”.
