➲ All departments	none

As previously announced, the activation of the new optional interfaces Eurex Market Data Interface and Eurex FIX Gateway in the production environment was initially scheduled for **Thursday, November 17, 2011**.

Eurex has decided to postpone the activation of both of the new interfaces, the Eurex Market Data Interface and Eurex FIX Gateway, in the production environment until further notice.

The exact date when the interfaces will be activated will be announced in a separate Eurex circular with the appropriate lead time.

Please note: The activation of the FIXML Clearing API in the production environment is not affected by this decision.

If you have any questions or require further information, please contact your Technical Account Manager using your VIP number or tel. +49-69-211-1 12 00, or via e-mail to: cts@deutsche-boerse.com.
