Summary:

On 25 April 2013, the general meeting of the company Banque Cantonale Vaudoise will decide to pay an extraordinary dividend of CHF 10.00 per share in addition to the regular dividend of CHF 22.00.

The extraordinary dividend will result in an adjustment of the Eurex options and the Eurex stock futures contract on shares of Banque Cantonale Vaudoise (BCVN, BCVG) as already published in the **Market Supervision Messages** window on 14 February 2013.

Ex date will be **29 April 2013**.

This circular contains a description of the adjustment procedure.

Banque Cantonale Vaudoise: Extraordinary dividend

Measure:
Distribution of extraordinary dividend of CHF 10.00 on shares of the company Banque Cantonale Vaudoise

Last cum trading day:
26 April 2013

Ex date:
29 April 2013

Affected products:
BCVN, BCVG

Reference to underlying Rules & Regulations:

Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich, sections 1.6.7 (2) und 2.6.10.1 (2).

Adjustment of ISIN:
The ISIN of the Banque Cantonale Vaudoise share (CH0015251710) will remain unchanged.

Procedure:

Determination of adjustment factor (R-factor)

The closing auction price of the Banque Cantonale Vaudoise share at SIX Swiss Exchange on the last cum trading day, 26 April 2013, will be the basis for determination of the R-factor. First, the price will be reduced by the regular dividend. The price resulting from this will serve for determination of the adjustment factor (R-factor).

S1	Closing auction price of the Banque Cantonale Vaudoise share
S2	S1 minus regular dividend
S3	S2 minus extraordinary dividend
R-factor	S3 / S2

Options

1. Adjustment of strike prices and contract sizes

All existing strike prices will be multiplied by the R-factor.

The contract size will be divided by the R-factor.

The version number of the existing series will be increased by 1.

Adjusted strike prices and contract sizes will be published via the **Market Supervision Messages** window immediately after close of trading on the last cum trading day.

New series with standard contract size 10 and version number 0 will be introduced effective ex-date.

All existing orders and quotes will be deleted after close of trading on the last cum trading day.

The adjustment also refers to existing positions in OTC Flexible Options.

2. Exercises

Generally, upon exercise of an adjusted series, cash payment will be made for the fractional part of the new contract size.

For adjusted series as of version 2, deviations in the delivery process might occur. In report RPTTA111 (All Active/Inactive Series), those parts of the contract size are displayed for which cash settlement takes place upon exercise of an adjusted series.

Futures

1. Adjustment of contract size and variation margin

To adjust the calculation of the variation margin of the following exchange trading day, settlement prices of the last cum trading day will be multiplied by the R-factor.

The new contract size will be calculated as follows:

Contract size new = contract size old / R-factor

All outstanding orders and quotes will be deleted after close of trading on the last cum trading day.

The adjustment also refers to existing positions in OTC Flexible Futures.

2. Introduction of a new contract

A new stock futures contract will be introduced on Banque Cantonale Vaudoise shares with standard contract size 100 and new product code BCVH.

The exact introduction date will be published via the **Market Supervision Messages** window.

As soon as the new contract is available for trading and there are no more series with open interest in the original contract on Banque Cantonale Vaudoise shares (BCVG), trading in these contracts will be put on “HALT” and finally discontinued.

Furthermore, as of 29 April 2013, no new contract months will be introduced in the original contract (BCVG). Existing contract months without open interest will be suspended from trading.

If there is no open interest on the last cum trading day after close of trading in the original contract on Banque Cantonale Vaudoise (BCVG), no adjustment will be made and no new contract will be introduced.
