Position limits apply only to long positions in the front month contracts of the products concerned. Reporting limits will be valid from **31 August 2017 after close of trading to 4 September 2017 after close of trading**.

Position limits will be valid from **5 September 2017**, **start of trading**, until expiration of the September contract on **7 September 2017**. Long positions in September 2017 contracts must therefore be within the prescribed limits at start of trading on 5 September 2017.

The measure taken by Eurex Deutschland and Eurex Zürich (collectively: the Eurex Exchanges) is based on § 14 Paragraph 1 of the Exchange Rules of Eurex Deutschland and Eurex Zürich (Eurex Exchange Rules). The limits will constantly be monitored intraday by the Trading Surveillance Office of Eurex Deutschland. In case the position limits have been exceeded, Exchange Participants are obliged according to § 14 Paragraph 5 of the Eurex Exchange Rules to submit a list of long positions in the Eurex C7 Clearing GUI including clear names of the customers to surveillance@eurexchange.com. Immediate position adjustments should be made by using the Trade Adjustment function (Open/Close Adjustment) instead of the Position Close-Out, in order to avoid such transactions being subject to late closing fees.

If the position limits are exceeded, the respective Participants will be requested by Eurex Deutschland or Eurex Zürich to specify a Eurex user ID which can be used by the Eurex Exchanges to undo the exceeding of the position limits.
