USD-denominated futures on the EURO STOXX 50® Index ("Quanto Futures") and futures on the STOXX® Global Select Dividend 100 Index: 1. Tradability for Participants in the U.S. 2. Vendor product codes for "Quanto Futures"

1. Product group

As of 29 March 2016, Eurex Participants and investors domiciled in the U.S. will be able to trade the USD-denominated futures on the EURO STOXX 50® Index ("Quanto Futures") (Eurex product code: FESQ) and futures on the STOXX® Global Select Dividend 100 Index (Eurex product code: FGDV).

The Division of Market Oversight of the Commodity Futures Trading Commission (CFTC) certified both contracts submitted by Eurex Exchange. The contracts fulfill the requirements of the Commodity Exchange Act and the regulations of the CFTC and consequently can be offered to U.S. persons via Eurex terminals with direct access in the U.S. or sold to these persons.

The respective new assignment group for the USD-denominated futures on the EURO STOXX 50® Index ("Quanto Futures") is:

- XACFQU (Equity Index Futures in USD approved for trading in the U.S.)

The respective new assignment group for the futures contract on the STOXX® Global Select Dividend 100 Index is:

- XACFQE (Equity Index Futures in EUR approved for trading in the U.S.)

Please note that as a consequence of the assignment to a new product group, the Multicast addresses for data distribution will remain unchanged. Port numbers, however, will change as follows:

- Snapshot messages: Change from 59032 to 59000
- Incremental messages: Change from 59033 to 59001.

2. Vendor codes

The following vendor codes will be used for the new Quanto Futures:

Vendor	Product code
Bloomberg	VLA Index
Reuters	0#FESQ:
