As previously announced in Eurex circular 112/15, the start of Eurex Exchange's T7 Release 3.0 in the simulation environment has already been revised to provide participants an extended period of time to align the releases of Eurex Exchange's T7 Trading System with Eurex Clearing's C7 Clearing System Release 3.0.

Following the announcement from Eurex Clearing to revise the start date of C7 Release 3.0 in simulation to 26 October 2015 (Eurex Clearing circular 078/15), the start of the Eurex Exchange's T7 Release 3.0 in simulation has also been revised to provide participants and vendors with additional simulation capability and has now been rescheduled to start on **25 September 2015**. The T7 Release 3.0 production launch date on **23 November 2015** remains unchanged.

Updated versions of the Preliminary Release Notes and the Simulation Calendar reflecting the revised planning are now available on the Eurex website www.eurexexchange.com under the following links:

Technology > Eurex Exchange's T7 > System documentation > Release 3.0 > Overview and Functionality - Overview and Functional Documents

and

Technology > Eurex Exchange's T7 > Simulation Calendar
