Summary:

As of **14 July 2017**, Eurex Participants and investors domiciled in the U.S. will have two additional MSCI index futures contracts available for trading.

MSCI EAFE index futures contracts: Tradability for U.S. Participants

As of 14 July 2017, Eurex Participants and investors domiciled in the U.S. will have the following additional products available for trading:

- MSCI EAFE (USD, NTR) Index Futures (FMFA)
- MSCI EAFE (USD, Price) Index Futures (FMFP)

On 3 July 2017, the Division of Market Oversight of the Commodity Futures Trading Commission (CFTC) certified the contracts submitted by Eurex Deutschland for assessment on 12 June 2017. The contracts fulfil the requirements of the Commodity Exchange Act and the regulations of the CFTC and consequently can be offered to U.S. persons via Eurex terminals with direct access in the U.S. or sold to these persons.

The respective new assignment group for these products is:

- XACHQU (Equity Index Futures and Options in U.S. dollar)

Please note that as a consequence of the assignments to new product groups, the Multicast addresses for data distribution will remain unchanged. Port numbers, however, will change as follows:

- Snapshot messages: Change from 59032 to 59000
- Incremental messages: Change from 59033 to 59001
