Eurex will re-define the multicast addresses for dissemination of market data for the following product:

Product	Snapshot A (new) MC Address	Snapshot B (new) MC Address	Delta A (new) MC Address	Delta B (new) MC Address
VO3	224.0.29.48	224.0.30.48	224.0.29.49	224.0.30.49

The transfer of the affected product to the new multicast group will become effective in the production environment as of **August 6, 2012**.

The existing port numbers (50000 to 50099) will remain unchanged and the product reference data will be modified accordingly to reflect the new multicast addresses.

If you have any questions or require further information, please contact your Technical Account Manager using your VIP number or via e-mail: cts@eurexchange.com.
