On 4 February 2014, the Division of Market Oversight of the Commodity Futures Trading Commission (CFTC) certified the contracts submitted by Eurex Exchange for assessment on 20 December 2013. The contracts fulfill the requirements of the Commodity Exchange Act and the regulations of the CFTC and consequently can be offered to U.S. persons via Eurex terminals with direct access in the U.S. or sold to these persons.

The respective new assignment groups for these products are XACFQE (Equity Index Futures in euro - for FMEV and FMEG), XACHQU (Equity Index Futures in U.S. dollar - for all others).

Please note that as a consequence of the assignments to new product groups, the Multicast addresses for data distribution will remain unchanged. Port numbers, however, will change as follows:

Snapshot messages: Change from 50033 to 50001

Incremental messages: Change from 50032 to 50000.

If you have any questions or require further information, please contact Laurent Partouche, Jennifer Goldson or Ralf Huesmann.
