Eurex Deutschland is pleased to inform you that with effect from **August 3, 2012**, VSTOXX® Mini Futures contracts will be available for trading for Eurex participants and investors domiciled in the U.S.

On July 20, 2012, the Commodity Futures Trading Commission's (CFTC) Division of Market Oversight certified this contract submitted by Eurex for review on June 4, 2012. The contracts satisfy the requirements of the Commodity Exchange Act and CFTC's Regulations and may be offered or sold to persons in the U.S. through Eurex's direct access terminals located in the U.S.

The respective new product assignment groups are XACFVE (Volatility Index Futures in Euro).

For direct access to the CFTC press release, please click here:

CFTC Press Release

Please note: As a result of the new product assignment groups, although the multicast addresses for the dissemination of market data will remain unchanged, the respective port numbers will change as follows:

Snapshot Messages: 50033 to 50001

Incremental Messages: 50032 to 50000

For any questions you may have, please contact Chris Dopp, Megan Morgan or Rex Jones via the above-mentioned contact details.
