Zur weiteren Förderung der Handelsaktivitäten in Futures auf die nachfolgenden Indizes hat der Vorstand der Eurex Clearing AG beschlossen, ein Designated Market-Making-Programm (DMM) in den folgenden Produkten auch für den Zeitraum vom 3. Januar bis zum 31. Dezember 2011 anzubieten:

Als Designated Market Maker erklärt sich der Eurex-Teilnehmer bereit, für eine spezifizierte Mindestanzahl von Kontrakten unter Einhaltung von Maximum Spreads und im Rahmen einer festgelegten Zeitdauer kontinuierlich Geld- und Briefkurse (Quotes) zu stellen.

Erfüllt der Market Maker seine Verpflichtungen, wird Eurex im Gegenzug die Handels- und Clearing-Entgelte für die durch die Designated Market Maker auf M-Konten abgeschlossenen Kontrakte zu 100 Prozent erstatten. Für EURO STOXX®- und STOXX® Europe 600-Sektorindex-Futures wird darüber hinaus eine Erlösbeteiligung angeboten.

Die Details und genauen Parameter des Designated Market-Making-Programms in diesen STOXX®-Index-Futures sind dem Anhang 1 zu entnehmen.

Bestehende Designated Market Maker-Lizenzen werden automatisch verlängert. Weitere interessierte Teilnehmer bitten wir, den ausgefüllten Designated Market Maker-Antrag (Anhang 2) an Christine Heyde, Eurex, Fax +49-69-211-61 56 98, zurückzusenden.

The spread and size classification will be reviewed on a quarterly basis.

Quotation Period: 80 percent of the daily trading period between 09:00 and 17:30 (CET) on a monthly average.
Market Makers will be obliged to supply bid and ask quotes only in the front month contracts until five exchange trading days immediately preceding the last trading day of the front month contract; afterwards, market makers have the choice of quoting the front month or the next contract month.

Fee Rebates and Revenue Sharing

DMM Fees: **January 3, 2011 up to December 31, 2011**. Total refund of trading and clearing fees for contracts traded on M accounts (order book and OTC) on a monthly basis.

Revenue Sharing[1]:

Scheme I: EUR 0.05 per contract of the total volume generated by OTC Block Trades in sector index futures is distributed on a quarterly basis to the Designated Market Makers according to the percentage rate based on the number of products where the quote obligations of Sector Index Futures have been fulfilled.

Scheme II: EUR 0.03 per contract of the total volume generated by OTC Block Trades in sector index futures is distributed on a quarterly basis to the leading four Designated Market Makers. Eurex will evaluate on a monthly basis which Market Makers have complied with the Obligations of the Designated Market Maker Scheme for at least five Sector Index Futures. Based on the respective amount of traded contracts on M- or P-accounts in the order book, these four most active Market Makers (provided that the quote obligations of five products/month have been fulfilled) will be determined by the end of each quarter to participate in revenue sharing Scheme II according to the following ranking:

Market Maker Ranking	Revenue Sharing
1	45 %
2	30 %
3	15 %
4	10 %

Should less than four Market Makers have fulfilled the requirements for five products in the respective quarter, the stake of the revenue distributed will be reduced to 90 percent for three, 75 percent for two and 45 percent in case of just one Designated Market Maker.

[1] The maximum Revenue pool distribution amount is limited to / capped at EUR 250.000 per quarter.

for the period from **January 3, 2011 until December 31, 2011** in accordance with the terms and conditions stated in the Quote Obligations (Attachment 1).

2. As a Designated Market Maker

   a) we will provide bid and ask quotes on both sides of the market

      - of the minimum number of contracts specified in the quote obligations
      - in compliance with the Maximum Spreads (see Quote Obligations); and
      - for the period of time specified in the Quote Obligations (also, and in particular, on a daily basis at the beginning of trading and at the end of trading in the contract and in response to quote requests)

   b) we will give you the name of a manager who has the authorization and expertise necessary to make decisions and act as the coordinator in our firm, who will be available for Eurex with respect to this agreement;

   c) we will ensure that a Eurex trading screen and a qualified trader are available for Designated Market-Making; and

   d) we will inform Eurex within one business day in the event that we find ourselves no longer in a position to fulfill these obligations.

3. Eurex will in return

   a) mention the name of the Eurex member with the Designated Market Maker status in advertising and informative material in connection with the contracts;

   b) make Eurex speakers and printed material available for seminars organized by the Designated Market Makers regarding the Sector Index Futures;

   c) refund all trading and clearing fees for the contracts traded by the Designated Market Makers on M accounts up to **December 31, 2011**. The refund for the respective month will be calculated at the beginning of the subsequent month. No refunds will be made if Sector Index Futures are traded on A or P accounts or if the Quote Obligations are not fulfilled; and

   d) distribute **EUR 0.08** per contract on a monthly pro-rata basis of the total volume generated by OTC Block Trades in sector index futures[1].

4. Compliance with the obligations stated under No. 2 shall be monitored by Eurex.

   In the event that the obligations stated under No. 2 are not met by us, Eurex shall have the right to terminate the agreement and to publicly disclose the termination of the Designated Market Maker status at Eurex' discretion. In this case, Eurex shall be released from its obligations pursuant to No. 3 with immediate effect.

5. In the event of a significant change in the Contract Specifications for the contract or due to a revision of the law or rules with respect to the contract, we as well as Eurex have the right to terminate this agreement with immediate effect or to renegotiate the requirements indicated in paragraph 2 and/or in the associated Quote Obligations.

6. Eurex shall have the right to amend or expand one or more of the conditions laid down in this agreement for limited periods of time at its sole discretion with validity for all Designated Market Makers, if it deems this appropriate (for example, in circumstances which lead to high market volatility or if such amendments or expansion is not expected to have an adverse effect on market quality). In the event that Eurex amends or expands one or more conditions, the Designated Market Makers must, for their part, ensure that the Designated Market Makers can also be promptly advised that this situation has ceased to exist.

7. Since the number of Designated Market Makers for the Sector Index Futures is limited, we grant Eurex the right to make the final selection of Designated Market Makers from the applicants.

8. Other than the aforementioned measures, no special status at Eurex shall be accorded to the participant in conjunction with the Designated Market Maker status, which expires on **December 31, 2011**. After that time, the title "Designated Market Maker" can no longer be used unless otherwise agreed with Eurex.

9. The associated Quote Obligations (Attachment 1) are an integral part of this application.

[1] The maximum Revenue pool distribution amount is limited to / capped at EUR 250.000 per quarter.

SHOULD BE FILLED OUT BY THE PERSON DESIGNATED IN ACCORDANCE WITH PARAGRAPH 2. b)
