Summary:

CCP Release 6.0 will start to support Microsoft Windows Server 2008 R2 (64 bit) and Microsoft Windows 7 (64 bit) operating systems in the CCP Release 6.0 simulation on Friday, **November 12, 2010** and in production on Monday, **November 22, 2010**.

Support of the new operating system versions requires installation of the GATE Release 3.5 Simulation / Production Update Kits 3, which will be made available online in the Member Section of the Eurex Clearing website under the path:

www.eurexclearing.com > Member Section > Releases > CCP 6.0 > Software Kits > Simulation Kits / Production Kits

Members intending to use the mentioned new operating systems must install GATE Release 3.5 Simulation / Production Update Kits 3 in their CCP simulation and production environments.

For Members who do not intend to use Microsoft Windows Server 2008 R2 (64 bit) and Microsoft Windows 7 (64 bit), installation of the GATE Release 3.5 Simulation / Production Update Kits 3 is optional.

CCP Release 6.0: Support for Microsoft Windows Server 2008 R2 (64 bit) and for Microsoft Windows 7 (64 bit)

CCP Release 6.0 will start to support Microsoft Windows Server 2008 R2 (64 bit) and Microsoft Windows 7 (64 bit) operating systems in the CCP Release 6.0 simulation on Friday, November 12, 2010 and in production on Monday, November 22, 2010.

Support of the new operating system versions requires installation of the GATE Release 3.5 Simulation and Production Update Kits 3, which will be made available online in the Member Section of the Eurex Clearing website under the paths mentioned below.

Members intending to use the new operating systems must install the GATE Release 3.5 Simulation / Production Update Kits 3 in their CCP simulation and production environments.

Due to specific requirements, some adaptations have to be performed in the new operating systems. Details are described in document “Configuration Notes for Microsoft Windows Server 2008 R2 and Microsoft Windows 7”, provided together with the update kits in the Member Section on the Eurex Clearing website as of November 12, 2010.

For Members who do not intend to use Microsoft Windows Server 2008 R2 (64 bit) and Microsoft Windows 7 (64 bit), installation of the GATE Release 3.5 Simulation / Production Update Kits 3 is optional.

Distribution of the GATE Release 3.5 Simulation Update Kit 3 for Simulation

The GATE Release 3.5 Simulation Update Kit 3 will be available as of November 12, 2010 on the Eurex Clearing website in the Member Section for download under the following path:

www.eurexclearing.com > Member Section > Releases > CCP 6.0 > Software Kits > Simulation Kits

Distribution of the GATE Release 3.5 Production Update Kit 3 for Production

The GATE Release 3.5 Production Update Kit 3 will be available for download as of November 19, 2010 on the Eurex Clearing website in the Member Section under:

www.eurexclearing.com > Member Section > Releases > CCP 6.0 > Software Kits > Production Kits

The GATE Release 3.5 Update Kits 3 should be installed according to the instructions contained in the “Installation Notes” file located under the path mentioned above.

Please use your member-specific access data to enter the Member Section on **www.eurexclearing.com**.

Should you experience any difficulties logging in to the Member Section, please contact the Service Point team on tel. +49-69-211-1 78 88.

If you have any questions or require further information, please contact our Customer Technical Support, tel. +49-69-211-1 28 00.
