As of **5 June 2017**, Eurex Participants and investors domiciled in the U.S. will have the following additional products available for trading:

- IPD® UK Quarterly All Property Index Futures (Calendar Year Returns) (PUKQ)
- IPD® UK Quarterly All Retail Index Futures (Calendar Year Returns) (PARQ)
- IPD® UK Quarterly All Office Index Futures (Calendar Year Returns) (PAOQ)
- IPD® UK Quarterly All Industrial Index Futures (Calendar Year Returns) (PAIQ)

Eurex Deutschland submitted a written request to the Division of Market Oversight of the Commodity Futures Trading Commission (CFTC) to offer these IPD® Property Futures in the U.S., and the contract has successfully passed through the CFTC notification period.

Pursuant to Eurex Deutschland's registration with the CFTC as a foreign board of trade, these IPD® Property Futures can be offered to U.S. persons via Eurex terminals with direct access in the U.S. or sold to these persons.

The respective new assignment group for these products is XACHHG (before: XNCHHG).

For traders currently authorized to trade these products, the new Product Assignment Group must be assigned. This is the case for all Trading Authorizations and Transaction Size Limits.

Please note that as a consequence of the assignment of these products to the new product group, the Multicast addresses for data distribution will remain unchanged. Port numbers, however, will change as follows:

- Snapshot messages: Change from 59032 to 59000
- Incremental messages: Change from 59033 to 59001
