Summary:

On 17 June 2014, the general meeting of the company Nokia Corp. will decide to pay a dividend of EUR 0.37 per share, of which EUR 0.26 thereof is an extraordinary dividend.

The extraordinary dividend will result in an adjustment of the Eurex options (NOA1,NOA2,NOA3,NOA4, NOA5, NOAE), the Eurex Single Stock Futures contract (NO3F) and the Eurex Single Stock Dividend Futures contract (N2OA) on shares of Nokia Corp.

Ex date will be **18 June 2014**.

This circular contains a description of the adjustment procedure.

Nokia Corp.: Extraordinary dividend

Measure:
Distribution of an extraordinary dividend of EUR 0.26 on shares of the company Nokia Corp.

Last cum trading day:
17 June 2014

Ex date:
18 June 2014

Affected products:
NOA1, NOA2, NOA3, NOA4, NOA5, NOAE, NO3F, N2OA

Reference to underlying Rules & Regulations:
Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich, sections 1.6.7 (2), 2.6.10.1 (2) and 1.15.8 (2).

Adjustment of ISIN:
The ISIN of the Nokia Corp. share (FI0009000681) will remain unchanged.

Procedure:

Determination of adjustment factor (R-factor)

The closing auction price of the Nokia Corp. share at Nasdaq OMX Helsinki on the last cum trading day will be the basis for determination of the R-factor:

S1	Closing auction price of the Nokia Corp. share
S2	S1 minus regular dividend EUR 0.11
S3	S2 minus extraordinary dividend EUR 0.26
R-factor	S3 / S2

Options

1. Adjustment of strike prices and contract sizes

All existing strike prices will be multiplied by the R-factor.

The contract size will be divided by the R-factor.

The version number of the existing series will be increased by 1.

Adjusted strike prices and contract sizes will be published via the **Market Supervision Messages** window immediately after close of trading on the last cum trading day.

New series with standard contract size 100 and version number 0 will be introduced effective the ex-date.

All existing orders and quotes will be deleted after close of trading on the last cum trading day.

The adjustment also refers to existing positions in OTC Flexible Options.

2. Exercises

Generally, upon exercise of an adjusted series, cash payment will be made for the fractional part of the new contract size.

For adjusted series as of version 2, deviations in the delivery process might occur. In report RPTTA111 (All Active/Inactive Series), those parts of the contract size are displayed for which cash settlement takes place upon exercise of an adjusted series.

Futures

1. Adjustment of contract size and variation margin

To adjust the calculation of the variation margin of the following exchange trading day, settlement prices of the last cum trading day will be multiplied by the R-factor.

The new contract size will be calculated as follows:

Contract size new = contract size old / R-factor

All outstanding orders and quotes will be deleted after close of trading on the last cum trading day.

The adjustment also refers to existing positions in OTC Flexible Futures.

2. Introduction of new contracts

A new Eurex Single Stock Futures contract will be introduced on Nokia Corp. shares with standard contract size 100 and product code NO3G. Furthermore, a new Eurex Single Stock Dividend Futures contract will be introduced on Nokia Corp. shares with standard contract size 1000 and product code N3OA.

The exact introduction date will be published in a separate Eurex circular.

As soon as the new contracts are available for trading and there are no more contract months with open interest in the original contracts on Nokia Corp. shares (NO3F, N2OA), trading in these contracts will be put on “HALT” and finally discontinued.

Furthermore, no new contract months will be introduced in the original contracts (NO3F, N2OA). Existing contract months without open interest will be suspended from trading.

If there is no open interest on the last cum trading day after close of trading in the original contracts on Nokia Corp. shares (NO3F, N2OA), no adjustment will be made and no new contracts will be introduced.
