In order to provide members with sufficient time for the migration from the Eurex New Socket Data Feed interface to the Enhanced Broadcast Solution (EBS) interface, Eurex has been offering the dissemination of un-netted public market information via both interfaces since December 9, 2007.

As previously announced in Eurex circular 219/07, Eurex will now decommission the Eurex New Socket Data Feed on **June 30, 2008**. From July 1, 2008 onwards, dissemination of un-netted public market information will be provided exclusively via the EBS interface.

Eurex will terminate the remaining New Socket Data Feed network connections automatically and no specific line cancellation is required.

If you have any questions or request further information, please contact Customer Technical Support under tel. +49-69-211-1 12 00.
