Summary:

After close of trading on **February 2, 2007**, Eurex will distribute update kit 2 for Eurex Release 9.0 simulation. In addition Eurex will distribute update kit 1 for both Eurex Release 9.0 production and advanced simulation on **February 9, 2007**. The installation of the update kits on all MISSes and workstations is highly recommended in the production, simulation and Advanced Simulation environments.

The Eurex 9.0 update kits contain several modifications and enhancements and can be used in simulation from **February 5, 2007** and in production and/or Advanced Simulation from **February 12, 2007** onwards. Please note that optimal support can only be provided on the basis of the most recent software versions.

Eurex Release 9.0: Distribution of Update Kit 2 for Simulation and Update Kit 1 for Production and Advanced Simulation

After close of trading on February 2, 2007, Eurex will distribute update kit 2 for Eurex Release 9.0 simulation. In addition Eurex will distribute update kit 1 for both Eurex Release 9.0 production and Advanced Simulation after close of trading on February 9, 2007. The installation of the update kits on all MISSes and workstations is highly recommended in the production, simulation and Advanced Simulation environments.

The Eurex 9.0 update kits contain several modifications and enhancements. These include the display of the remaining quantity on the **Own Order Overview GUI** window and the sorting function in the **Online Time & Sales Sheet GUI** window. In addition, the update kits also include several Front End adaptations required for the handling of IOC orders with prices containing half ticks and for the trading of FX options.

The update kits can be used in simulation from February 5, 2007 and in production and/or Advanced Simulation from February 12, 2007 onwards and will ensure that production, simulation and Advanced Simulation environments contain the same software revisions. Please note that optimal support can only be provided on the basis of the most recent software versions.

The update kits will be transmitted to Eurex participants via File Transfer Protocol (ftp) on Friday**,** February 2, 2007, after 23:00 CET for simulation and on Friday, February 9, 2007, after 23:00 CET for production and Advanced Simulation. The software will only be sent to the registered report nodes. In parallel, the kits will be made available for download from the Eurex website under the following paths:

www.eurexchange.com > Member Section > Software Kits > Eurex 9.0 Simulation

www.eurexchange.com > Member Section > Software Kits > Eurex 9.0 Production

www.eurexchange.com > Member Section > Software Kits > Eurex 9.0 Advanced Simulation

Please ensure that the simulation environment is connected to the Eurex network on Friday February 2, 2007 and production and/or Advanced Simulation on Friday February 9, 2007 from 23:00 CET onwards. The following target directories should have a total space capacity of approximately 70MB per environment for the data transmission:

Production:

- SUN Solaris (MISS): /opt/gate/transferdir/release00
- Windows (MISS): <ftp-root directory>\release00

Simulation:

- SUN Solaris (MISS): /opt/gate/transferdir/release01
- Windows (MISS): <ftp-root directory>\release01

Advanced Simulation:

- SUN Solaris (MISS): /opt/gate/transferdir/release03
- Windows (MISS): <ftp-root directory>\release03

The update kits should be installed according to the instructions contained in the “readme” file, which will be sent together with the kits to the target transfer directory.

If you have not received the update kits for the Eurex 9.0 simulation environment by Tuesday, February 6, 2007 or by Tuesday, February 13, 2007 for the Eurex 9.0 production / Advanced Simulation environments please contact the Technical Help Desk on tel. +49-69-211-1 12 00.

If you experience any difficulties logging in to the Member Section, please contact Customer Support on +49-69-211-1 17 00.
