Eurex Exchange's T7 Release 3.0: Important information for production start

Overview

Eurex Exchange will launch Release 3.0 of Eurex Exchange's T7 on Monday, 23 November 2015.

Release 3.0 will introduce the following important enhancements:

- Support of Self-Match Prevention

Additionally, some smaller functional and technical enhancements and changes will be implemented, for example:

- Change in the distribution schedule for reference data on weekends and exchange holidays
- New entitlement role for the maintenance of Market Maker Protection parameters

The launch date of the functionality is together with the Release introduction on 23 November 2015.

The following interfaces will be changed with Eurex Exchange T7 Release 3.0:

- Eurex Enhanced Trading Interface (backwards compatible)
- Eurex FIX Gateway (backwards compatible)
- Market and reference data interfaces (**not** backwards compatible)
- Eurex Trader GUI and Eurex Admin GUI
- Reports

Please refer to the dedicated document "Eurex Exchange's T7 Release 3.0 Final Release Notes" for a full overview of both, the new and changed functional scope.

The document is available on the Eurex website www.eurexexchange.com under the link:

[Technology > Eurex Exchange's T7 > System documentation > Release 3.0 > Overview and Functionality](#)

Preparations for Friday, 20 November 2015

On Friday, 20 November 2015, Eurex Exchange's T7 Release 2.5 will be in production for the last time.

Reports and reference data for the business day 23 November 2015 are to be expected at the usual times. On Saturday, 21 November 2015, Eurex will convert the T7 production system to Release 3.0.

Connection test for Eurex Exchange's T7 Release 3.0 on 21 November 2015

The Eurex Exchange's T7 Release 3.0 connection test will be conducted on Saturday, 21 November 2015, between 15:00 and 17:00 CET. Participation in the connection test is strongly recommended for all Participants and Multi-Member Providers in order to ensure connectivity for the start of trading on Monday, 23 November 2015. Please make sure that a staff member will be available to perform the login to the T7 production system (e.g. Eurex T7 Trader and/or Admin GUI and third party applications).

At this time, the T7 production system will be available for connectivity testing on the RDI, ETI, MDI and EMDI interfaces and via T7 Admin GUI and T7 Trader GUI. The FIX gateways will be available for session login only (no other requests will be possible). No order and quote entries will be possible and no market data will be disseminated.

Eurex WebTrading (display server solution for legacy Eurex trading GUI @X-ceed) will not be available for T7 Release 3.0.

The connection test can be regarded as successful when

- a message “Eurex Exchange T7 release 3.0 <seq no>” appears with an increasing sequence number in the Market News view (News Board) of the Eurex Trader GUI and the Eurex Admin GUI.
- a successful session and trader login via ETI has been performed.
- MDI/EMDI heartbeats have been received.

Eurex will inform Participants about the general progress of the connection test via Implementation News on the Eurex website www.eurexchange.com available under the link:

Technology > Eurex Exchange's T7 > Implementation news

Following the end of the connection test, Eurex Exchange's T7 Release 3.0, with the exception of the FIX gateways, will remain available throughout the weekend but will be unattended.

Technical Contact for the Connection test

Please enter contact details of the contact person who will be available during the connection test in the Member Section of the Eurex website no later than Friday, 13 November 2015, under the link:

Member Section > Contacts > Release Contacts > New entry

(under “Release Contacts”, select the category Technical Contact. Make sure to check the box “T7 3.0”)

This will ensure that Eurex will be able to reach you in any emergency between Saturday, 21 November 2015, and production start on Monday, 23 November 2015.

Provision of the Readiness Statement

We kindly ask all Trading Participants, ISVs and Multi-Member Providers to acknowledge their readiness by providing the Readiness Statement until 13 November 2015 latest.

The Readiness Statement is attached to this circular and available on the Eurex website under

Technology > Eurex Exchange's T7 > System documentation > Release 3.0 > Production

Contacts

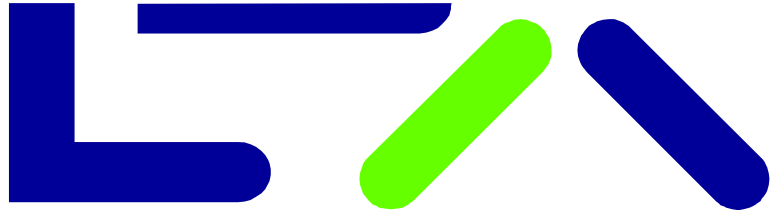

The following hotlines will be available for any questions during the connection test or start of production:

- Customer Technical Support, Technical Key Account Manager via VIP number

If you have any questions or require further information on Eurex Exchange's T7 Release 3.0, please contact your dedicated Trading & Clearing Services Key Account Manager or send an e-mail to frank.horneff@eurexchange.com. Alternatively, please contact your Technical Key Account Manager using your VIP number or via e-mail to cts@deutsche-boerse.com.
