| **Ü** All departments | Trading hours (all CET) at Eurex Exchange on 30 December 2013 |

This year's last exchange trading day at Eurex Exchange will be **Monday, 30 December 2013**. This is also the last day of the year on which exercises are allowed.

Xetra® is the only underlying exchange for Eurex Exchange products that will have shortened trading hours on the last trading day of 2013. At Eurex Exchange, continuous trading of derivatives on products traded on Xetra® as the underlying exchange, excluding the German index futures (e.g. product FDAX), will also close earlier.

This change will not affect OTC trading hours, end of post-trading hours or the starting time of the batch.

Please see the attachment for an overview of trading hours at Eurex Exchange on 30 December 2013.

Products that are not mentioned in the attachment will have normal trading hours.
