Summary:

In order to provide Members with a continuous production-like simulation environment during the Eurex Release 11.0 simulation, Eurex will provide the Enhanced Broadcast Solution as well as the Enhanced Transaction Solution in the Eurex Advanced Simulation environment from **September 15, 2008 onwards**.

Enhanced Broadcast Solution and Enhanced Transaction Solution Interfaces: Provision in the Eurex Advanced Simulation Environment

In order to provide Members with a continuous production-like simulation environment during the Eurex Release 11.0 Simulation, Eurex will provide the Enhanced Broadcast Solution as well as the Enhanced Transaction Solution in the Eurex Advanced Simulation environment from September 15, 2008 onwards.

Members who already have Enhanced Broadcast Solution connectivity in place and intend to receive market data via the Enhanced Broadcast Solution interface from the Advanced Simulation have to join the following Multicast Groups:

Description	Service A	Service B
Multicast Groups	233.49.81.0/25	233.49.81.128/25
Reference Data Stream	233.49.81.127:50399	233.49.81.255:50399
Multicast Source Networks	193.29.95.128/29 and 193.29.95.136/29	193.29.95.144/29 and 193.29.95.152/29

Members requiring an Enhanced Broadcast Solution connection can order this via the form “Access Form: Order / Cancellation” which is available on the Eurex website under the path:

www.eurexchange.com > Documents > Forms > Trading Derivatives > Single Forms > Technical > Connection

For more details concerning the necessary setup activities on the Member side, please refer to the “Enhanced Broadcast Solution - Quick Start Guide” which is available in the Member Section on the Eurex website under the paths:

www.eurexchange.com > Member Section > Releases > Eurex 10.0 > Interfaces > Enhanced Broadcast Solution

www.eurexchange.com > Member Section > Releases > Eurex 11.0 > Interfaces > Enhanced Broadcast Solution

Members who intend on using the Enhanced Transaction Solution in the Advanced Simulation environment have to use the following port:

Port	Description	Direction	Platform	Protocol
10345	Destination Port **Advanced Simulation**	uni-directional	Eurex	TCP/IP

The necessary session IDs (10 session IDs are free of charge) can be ordered either via the form “Access Form: Order / Cancellation” which is available on the Eurex website under the above-mentioned path or via the “Tickets & Requests” facility which is available in the Member Section on the Eurex website under the path:

www.eurexchange.com > Member Section > Service Point > Technical Services > Tickets & Requests

Please note that Members planning to use Enhanced Transaction Solution in the Eurex Advanced Simulation environment must have Enhanced Transaction Solution connections to the Eurex® system as well as a membership to the Eurex Advanced Simulation environment via a MISS infrastructure.

Detailed information concerning the Eurex Advanced Simulation membership as well as the necessary forms are available in the Member Section on the Eurex website under the path:

www.eurexchange.com > Member Section > Simulation > Advanced Simulation
