In the course of the C7 Release 3.0 introduction we would like to inform you that all three limit levels of the Advanced Risk Protection will be disabled for a few hours on **Monday, 9 May 2016** (first production day).

It is intended to switch the limit functionality on again at 10:00 a.m. CET on the same day, 9 May 2016.

In the meantime, no systematic validation of margin values against your predefined limits will occur, hence no triggering of actions will take place. Please consider this within your monitoring of client exposures accordingly.

The functionality Enhanced Risk Solution (ERS) will not be affected at all and will be available as usual.

For more information please contact the C7 Release 3.0 Customer Helpdesk via phone +49-69-211-1 27 00, fax +49-69-211-1 17 01 or e-mail C7release3.0@eurexclearing.com.
