Within the framework of the launch of Euro-BONO-Futures on long-term Spanish government bonds and due to the market demand for Euro-BONO-Futures (Eurex product code: FBON) which will be launched on **26 October 2015**, Eurex decided to support the product launch with additional infrastructure incentives.

In addition to the already existing incentives for Market Makers, mentioned in Eurex circular 158/15, Participants who fulfil the obligations of the Market-Making scheme for Euro-BONO-Futures and act in parallel as Multi-Member Service Provider can in addition benefit from a reduction of co-location connectivity fees (up to 80Mbit/s) from 26 October 2015 until 30 June 2017.

If you have any questions or require further information, please contact David Carretero at tel. +49-69-211-1 82 33 or e-mail: david.carretero@eurexchange.com.
