1 April 2016

Eurex Clearing's C7 Release 3.0: Extended Frozen Zone

Dear Sir or Madam,

In preparation for the production launch of Eurex Clearing's C7 Release 3.0 on Monday, 9 May 2016, Eurex Clearing has determined an extended Frozen Zone from **2 May to 13 May 2016**, which has an impact on Xetra services as well. During the following time period, it is prohibited to execute any of the named processes in the production environment (non-exhaustive list):

- **2 May - 13 May 2016**: Change of reference data in Eurex Clearing (e.g. account changes, product maintenance, Member or user change, Clearer change, cancellation of membership, new membership, static data etc.)

For the timely processing on our side, Members are urgently requested to apply for changes or new set-ups well in advance of the Frozen Zone or wait until it has finished. From 14 May 2016, all affected services will be resumed.

For further information and assistance, please contact the C7 Release 3.0 Customer Helpdesk on tel. +49-69-2 11-1 27 00 or e-mail: C7release3.0@eurexclearing.com, or your Key Account Manager.
