**Summary:**

On 23 April 2015, the administrative council of the company Banque Cantonale Vaudoise proposed to the annual general meeting, amongst other things, to pay an extraordinary dividend of CHF 10.00 per share in addition to the regular dividend of CHF 22.00.

The extraordinary dividend will result in an adjustment of the Eurex option (BCVN) and the Eurex Single Stock Futures contract (BCVG) on shares of Banque Cantonale Vaudoise.

Ex date will be **27 April 2015**.

This circular contains a description of the adjustment procedure.

**Banque Cantonale Vaudoise: Extraordinary dividend****Measure:**

Distribution of an extraordinary dividend of CHF 10.00 on shares of the company Banque Cantonale Vaudoise

**Last cum trading day:**

24 April 2015

**Ex date:**

27 April 2015

**Affected products:**

BCVN, BCVG

**Reference to underlying Rules & Regulations:**

Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich, sections 1.6.7 (2) and 2.6.10.1 (2)

**Adjustment of ISIN:**

The ISIN of the Banque Cantonale Vaudoise share (CH0015251710) will remain unchanged.

**Procedure:****Determination of adjustment factor (R-factor)**

The closing auction price of the Banque Cantonale Vaudoise share at SIX Swiss Exchange on the last cum trading day will be the basis for determination of the R-factor. First, the price will be reduced by the regular dividend (CHF 22.00). The price resulting from this will serve for determination of the adjustment factor (R-factor).

S1	Closing auction price of the Banque Cantonale Vaudoise share
S2	S1 minus regular dividend CHF 22.00
S3	S2 minus extraordinary dividend CHF 10.00
R-factor	$S3 / S2$

**Options****1. Adjustment of strike prices and contract sizes**

All existing strike prices will be multiplied by the R-factor.

The contract size will be divided by the R-factor.

The version number of the existing series will be increased by 1.

Adjusted strike prices and contract sizes will be published via the **Market Supervision Messages** window immediately after close of trading on the last cum trading day.

New series with standard contract size 100 and version number 0 will be introduced effective the ex-date.

All existing orders and quotes will be deleted after close of trading on the last cum trading day.

The adjustment also refers to existing positions in TES Flexible Options.

## 2. Exercises

Generally, upon exercise of an adjusted series, cash payment will be made for the fractional part of the new contract size.

For adjusted series as of version 2, deviations in the delivery process might occur. In report RPTTA111 (All Active/Inactive Series), those parts of the contract size are displayed for which cash settlement takes place upon exercise of an adjusted series.

## Futures

### 1. Adjustment of contract size and variation margin

The adjustment will be done by means of the same R-factor as for the options.

To adjust the calculation of the variation margin of the following exchange trading day, settlement prices of the last cum trading day will be multiplied by the R-factor.

The new contract size will be calculated as follows:

$$\text{Contract size new} = \text{contract size old} / \text{R-factor}$$

All outstanding orders and quotes will be deleted after close of trading on the last cum trading day.

The adjustment also refers to existing positions in TES Flexible Futures.

### 2. Introduction of a new contract

A new Eurex Single Stock Futures contract will be introduced on Banque Cantonale Vaudoise shares with standard contract size 100 and new product code BCVH. The exact introduction date will be published in a separate Eurex circular.

As soon as the new contract is available for trading and there are no more contract months with open interest in the original contract on Banque Cantonale Vaudoise shares (BCVG), trading in this contract will be put on "HALT" and finally discontinued.

Furthermore, as of 27 April 2015, no new contract months will be introduced in the original contract (BCVG). Existing contract months without open interest will be suspended from trading.

**Please note: If there is no open interest on the last cum trading day after close of trading in the original contract on Banque Cantonale Vaudoise shares (BCVG), no adjustment will be made and no new contract will be introduced.**
