Application for authorization to connect an automatic order routing system to the trading system used by Eurex Deutschland pursuant to § 60 Exchange Rules for Eurex Deutschland.

I. Herewith we apply for

- the authorization to connect an automatic order routing system to the Eurex trading system via the offered interface pursuant to § 60 Exchange Rules for Eurex Deutschland

The name of the Order Routing System is:

Or

- a further User-ID for an already approved order routing system.

II. The responsible person in the sense of § 49 Exchange Rules for Eurex Deutschland is the following, admitted exchange Trader, respectively a further User-ID shall be set up for:

III.

	User Code for an Order Routing System * U R <input style="width: 100px;" type="text"/>	Name of trader Telephone number
--	---	--

	User Code for an Automated Client Order Parameter Transfer System * U T C <input style="width: 100px;" type="text"/>
--	---

Any changes of the responsible trader and/or changes of the user code must be reported to the Exchange immediately!

IV. We guarantee that at all times we will uphold the conditions and instructions set out in § 60 Exchange Rules for Eurex Deutschland as regards connecting and operating an order routing system.

In particular, we are aware that the forwarding of trading data and information from the EDP system of the Eurex Exchange via an Order Routing System by an Exchange Participant to third parties requires the respective consent of the Boards of Management of the Eurex Exchange according to § 22 Exchange Rules for Eurex Deutschland.
