In the evening of **Friday April 4, 2003**, after close of trading, the Eurex Release 6.0 Permanent Simulation Update Kit 5 will be transferred via FTP to the report nodes of all members. In addition, on Monday, April 7, 2003 Eurex will make Release 6.0 Permanent Simulation Update Kit 5 available for download from the Member Section of our web-site "www.eurexchange.com" under 'Software Kits'.

The Update Kit includes functional and technical enhancements to the Eurex Release 6.0 Simulation software and it is recommended that the Simulation Kit is installed as soon as possible.

The Update kits should be installed on all MISSs and Workstations according to the Installation instructions published on the web-site or in the 'Read-me' file which will be transferred with the software to the appropriate directory, as shown below:

Target Directories and Storage Capacity for Transfer of Permanent Simulation Update Kit 5 :

SUN Solaris (MISS):	/opt/gate/transferdir/release01/	40 MB (SUN) + 30 MB (W2000/XP)
Windows 2000/XP (MISS):	<ftp-root directory>\release01\	30 MB (W2000/XP)

Please forward this circular to your system administrator so that the data files which are no longer required can be deleted before the software transfer (e.g. old Software Kits, Theoretical Price Files, Reports). Please also make sure that the Permanent Simulation environment is connected to the Eurex network after 21:00 CET on Friday April 4, 2003.

Please contact our Technical help-desk on Tel. +49-69-2101-12 00 if you have not received the software by Monday April 7, 2003, or if you have any problems downloading the software from the Eurex web-site.

Please contact the Eurex Functional Member Readiness team on + 49-69-21 01-17-00 if you have any problems logging into the member section of the web-site.

With regard to the availability of the Advanced Simulation Update Kit 4 referred to in Circular 035/03, please note that the kit has already been placed on our web-site for download and also distributed to Advanced Simulation participants.
