On 20 March 2000 Eurex introduced three Italian and six Dutch Dow Jones Euro STOXX 50^{SM} stock options. This represented a further step in the development of Eurex as a European platform for stock option trading.

We would like to offer a special invitation to those Eurex members who show particular support for these new stock options in this early phase. During the period **15 May 2000 until 11 June 2000**, the six members who show the largest turnover in **each** of the **A account** (client business) **and the P/M accounts** (own trades) in the Italian and Dutch Euro STOXX 50^{SM} stock options will win a ticket to the Formula 1 race at Hockenheim on 30 July 2000.

The prizes will be awarded to one person from each of six institutions per account group, so that a total of twelve tickets are awarded. The programme will include the following:

- travel to and from Frankfurt/Main
- visit to a cart track, dinner, and overnight in the Holiday Inn, Frankfurt on the evening of Saturday 29 July 2000
- travel to and from Hockenheim on Sunday 30 July 2000
- lunch in Hockenheim
- first-class seats in the stand

All winners will be informed by us immediately after 11 June 2000.

If you have any questions, please contact Kai Distelmann on Tel. +49 (0)69-2101-5797.
