Content may be most important for:	**Attachments:** None
➲ All Departments	

During the evening of **Friday March 28, 2003,** Production Update Kit 4, the PGP signature and the associated installation notes will be published on the web-site "www.eurexchange.com" at 'info for members > Eurex Software kits > Release 6.0 Production'. In addition, after close of trading, the kit will be transferred via FTP to all members.

The Update Kit includes functional and technical enhancements to the Eurex Release 6.0 software and it is recommended that the Production Kit is installed as soon as possible.

The Update Kits should be installed on all MISSs and Workstations according to the Installation instructions published on the web-site or in the 'Read-me' file which will be transferred with the software to the appropriate directory, as shown below:

Target Directories and Storage Capacity for Transfer of Production Update Kit 4:

SUN Solaris (MISS):	/opt/gate/transferdir/release00/	40 MB (SUN) + 30 MB (W2000/XP)
Windows 2000/XP (MISS):	<ftp-root directory>\release00\	30 MB (W2000/XP)

Please forward this circular to your system administrator so that the data files which are no longer required can be deleted before the software transfer (e.g. old Software Kits, Theoretical Price Files, Reports). Please also make sure that the Production environment is connected to the Eurex network after 21:00 CET on Friday March 28, 2003.

Please contact our Technical help-desk on Tel. +49-69-2101-12 00 if you have not received the software by Monday March 31, 2003, or if you have any problems downloading the software from the Eurex web-site.

Please contact the Eurex Functional Member Readiness team on + 49-69-21 01-17-00 if you have any problems logging in to the member section of the web-site.

Corresponding Update Kits for the Advanced Simulation environment and the Permanent Simulation environment are expected to be available shortly.
