**Technical and Functional Training for the new Front-end Architecture for Eurex Release 3.0**

Dear Sir or Madam,

As you already know, Eurex Release 3.0 offers a new Front End Architecture and a new graphical trading interface. In order to prepare members for the simulation phase, Eurex will offer an intensive programme of technical training for system administrators and functional training for traders during the period 18th May 1999 to 12th July 1999. This initial series of courses is provided primarily for members wishing to migrate to the new architecture at an early stage. For capacity reason the number of participants is limited to two per member for the functional training and one per member for the technical training.

Members who intend to continue with the User Device architecture on the introduction of Release 3.0 will be able to receive training in the new environment under the normal schedule of courses at the appropriate time and need not apply on this occasion.

The following training sessions will be offered:

| | |
|---|---|
| Training: | Eurex Release 3.0 Functional Training on the new graphical trading interface |
| Duration: | 1 Day |
| Language: | German / English |

| | |
|---|---|
| Training: | Eurex Release 3.0 Complete Technical Training of the new Front End Architecture (Basics and Advanced) |
| Duration: | 2 Days |
| Language: | German / English |

| | |
|---|---|
| Training: | Eurex Release 3.0 Update Technical Training of the new Front End Architecture (For system administrators who have already completed the technical training for Xetra Release 3.1) |
| Duration: | 1 Day |
| Language: | German / English |

A description of the training contents and dates can be found in the attachment together with the registration form. If you intend to participate in the Release 3.0 simulation using the new architecture, please complete the form as soon as possible, and return it directly to the training group by fax to the number given on the form.

Eurex Deutschland
Börsenplatz 7 - 11

www.eurexchange.com

Eurex Member Readiness
Tel. +49 (0)69-2101-1700
Fax +49 (0)69-2101-1701

Executive Board:
Dr. Jörg Franke, Otto E. Nägeli
Andreas Preuß, Jürg Spillmann

Allocation of places will be in order of receipt of registrations.

Due to the limited availability of training capacity and an anticipated high level of demand, the training is based on the Train-the-Trainer principle. At the end of the training, participants will be able pass the acquired knowledge on to colleagues in their member firm.

If you have any questions, the Eurex Member Training group on Tel.+49 (0)69-2101-3767 will be pleased to assist you.

Yours sincerely,

Jürg Spillmann

Hartmut Klein

# Eurex Release 3.0 Training Descriptions and Course Schedules

## 1. Functional Member Training on the new Graphical User Interface

**Training content and structure**:

Participants will be introduced to the new Eurex Release 3.0 graphical user interface. The system will be shown using the new windows and the logical process flow between them. In addition, extensive exercises will be performed by the participants to deepen their knowledge. All necessary technical equipment, system documentation and training material (Windows/NT Platform) will be provided.

**Goal of the Training:**

After attending the training the participants will be able to trade on the new graphical user interface of Eurex Release 3.0 and pass on their knowledge to their trading colleagues **.**

**Participants and Requirements:**

The training will take place on the Windows/NT Platform. The differences between Windows/NT and Sun Solaris, Compaq AXP/OpenVMS and IBM AIX, will be discussed explicitly.

The training is aimed at employees of exchange member firms who will be responsible for the Eurex Release 3.0 trading. Knowledge of Eurex products, as well as trading and clearing at Eurex is beneficial. The number of participants is limited to two persons per member.

**Speakers:**

The Training will be conducted by members of the Customer Service Xetra / Eurex team.

**Locations:**

The training will take place in Frankfurt, Zurich (to be confirmed), London, and Chicago.

**Course Times:**

Courses in Frankfurt, London, and Zurich will start at 09:30 a.m. and end at approximately 05:30 p.m. The training in Chicago will start at 07:00 a.m. and end at approximately 03:00 p.m.

**Functional Training Schedule:**

| Date | Training | Course number | Location | Language |
|---|---|---|---|---|
| 18.05.99 | Functional | FTFD1805 | Frankfurt | German |

*** Training in Zurich planned but not finally confirmed**

## 2. Technical Member Training for the new Front End Architecture

**Training content and structure:**

The training consists of a combination of online presentations, and exercises. The participants will be provided with all necessary technical equipment, system documentation and training material. Member specific configurations and sizing will not be part of the technical training. The training is based on the Train-the-Trainer principle. Topics covered include:

- Introduction to the new Front End Architecture
- Installation and Configuration of the new Front End Architecture
- Operation of the new Front End Architecture
- Eurex specific operation
- Backup and File transfer
- Monitoring and exception handling

**Type of Technical Training:**

The training will be offered in two different versions:

- Eurex Release 3.0 Technical Training for the new Front End Architecture - Basics and Advanced (2 days)

This training course is for participants who are not familiar with the new Front End Architecture from Xetra Release 3.0. The first training day deals with the “common” part of the new Front End architecture including a new installation of the system. The second day deals with details of the technical system administration for the Eurex-specific part.

- Eurex Release 3.0 Update Technical Training for the new Architecture - Advanced (1 day)

This course is reserved for administrators with prior Xetra Release 3.0 experience who have attended the Xetra Release 3.1 technical training. The one-day Eurex Release 3.0 Update training deals with details of the Eurex-specific parts.

**Goal of the Training:**

After attending the training the participants will be able administrate the new Front End Architecture of Eurex Release 3.0 and pass on their knowledge to system administration colleagues. To reach this goal daily system administration tasks will be explained step by step and will be simulated through exercises .

**Participants and Requirements:**

The training is aimed at employees of exchange member firms who will be responsible for the Eurex Release 3.0 system administration. Exchange member firms can send an employee from their service provider instead. The participants should have basic knowledge of the target MISS-Platform which is planned for their installation. In addition, network setup and network management know-how is necessary. The training will take place on the Windows/NT platform. The differences between Windows/NT and Sun Solaris, Compaq AXP/OpenVMS and IBM AIX, will be discussed explicitly. The number of participants is limited to one person per member.

**Trainers:**

The training will be conducted by members of the Customer Services Xetra / Eurex team.

**Locations:**

The training will take place in Frankfurt, London, Chicago, and Zurich (to be confirmed)

**Time:**
The training in Frankfurt, London, and Zurich will start at 09:30 a.m. and end at approximately 05:00 p.m. The training in Chicago will start at 07:30 a.m. and end at approximately 03:00 p.m.

**Technical Training Schedule**:

| Date | Training | Course number | Location | Language |
|---|---|---|---|---|
| 25.05.99 - 26.05.99 | Technical Complete | TCFD2505 | Frankfurt | German |
| 27.05.99 - 28.06.99 | Technical Complete | TCFD2705 | Frankfurt | German |
| 31.05.99 | Technical Update | TUFD3105 | Frankfurt | German |
| 09.06.99 - 10.06.99 | Technical Complete | TCFE0906 | Frankfurt | English |

## Terms and Conditions

**Registration/Course Documentation**
Registration for Eurex seminars is binding. Course documentation will be handed out at the beginning of the seminar.

**Seminar Fee**
Your registration will be confirmed. The fee for the functional training course will be 400 euro. The fee for the complete technical training will be 600 euro and for the update technical training (for experienced system administrators with MISS Technology knowledge) will be 300 euro.

**Withdrawals/Cancellations**
In case of non-participation, the full fee will be charged. It is possible to nominate an alternative participant. In case of cancellations, a nominal charge of euro 100 will be invoiced. To cancel, you must notify Eurex AG at least 3 days prior to the seminar date. Eurex AG reserves the right to cancel any seminar, if necessary, at short notice .

**Hotel bookings**
If you require hotel accommodation, please contact your travel agent. Eurex AG does not provide any reservation services. In the event that a seminar is cancelled for any reason whatsoever, Eurex AG will not reimburse any travel/accommodation costs incurred.
