➲ All Departments	

Since the start of trading in CBOT products on the a/c/e platform on 28 August, 2000, the Eurex Market Supervision department has been responsible for the functional supervision operations and the help-desk.

In line with the April 2000 agreement with Eurex Market Supervision which expires at 24:00 CET on 31 May, 2001, on 18 April, 2001, CBOT announced that, with effect from 01 June, 2001, they will take over from Eurex the market supervision function related to trading CBOT products on the a/c/e platform.

If you are a CBOT member trading on the a/c/e platform, please note that, from 01 June, 2001, Eurex Market Supervision will only be available on the usual Eurex help-line numbers to respond to your questions related to Eurex trading. After that date, if you have questions related to trading CBOT products, please direct them to CBOT Market Supervision on Tel. + 1-312-347-4600.

We would like to thank all market participants trading CBOT products on the a/c/e platform for their confidence, and for their highly professional cooperation during the last 13 months, and we wish you all success in the future.
