Klépierre SA: Stock Split

The French company Klépierre SA decided on a stock split at the ratio of 1:3.

Ex date of the stock split will be September 3, 2007.

Due to the stock split, an adjustment of the Eurex futures contract on shares of Klépierre SA will be carried out pursuant to Section 1.6.7 (5) of the Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich.

The adjustment will be carried out by means of the R-factor of 0.33333333. To adjust the calculation of the variation margin on the following day, settlement prices of the Eurex stock futures contract on Klépierre SA (LIFF) from August 31, 2007 will be multiplied by the R-factor.

The new contract size will be calculated as follows:

Contract size old 100 / R-factor 0.33333333 = 30 contract size new

All existing orders and quotes will be deleted after close of trading on August 31, 2007.

After the adjustment, a new Eurex stock futures contract on Klépierre SA with standard contract size 100 and new product code LIFG as well as with the new product ISIN DE000A0QZFM5 will be introduced.

The exact date of the introduction will be published via the **Market Supervision Messages** window.

As soon as the new Eurex stock futures contract on Klépierre SA (LIFG) is available for trading and there are no more series with open interest in the original Eurex stock futures contract on Klépierre SA (LIFF), trading in this contract (LIFF) will be discontinued.

The ISIN of the Klépierre SA share (FR0000121964) is presumed to remain unchanged. Should the ISIN change anyway, we will inform you via the **Market Supervision Messages** window.

The updated Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich will be available as of the ex date on the Eurex website under:

www.eurexchange.com > Documents > Rules and Regulations
