Content may be most important for:	**Attachments:**
➲ IT / System Administration	(on website only) Member Front End Development Guide - Volume 1 – GATE 3.3 Call Interface - Volume 2 – Eurex Application Requests – Programming Version VALUES Header Packages for SUN/Solaris and Windows

In preparation of the introduction of Eurex Release 7.0 on September 27, 2004, the documents specified above are now available for download from the Eurex website at the password-protected Member Section:

„www.eurexchange.com > Member Section > Software Releases Eurex > VALUES API Programming Version Release 7.0/Gate 3.3"

The document "Volume 2 – Eurex Application Requests – Programming Version" replaces the Planning Version which was published in April 2004. The documents' final versions will be issued on July 23, 2004 as announced in the Information Calendar.

An updated version of the VALUES API Modification Notes will be published shortly.

Please note that Eurex Release 7.0 will comprise modifications to a possible Clearing Link with the Clearing Corporation. The implementation of the Global Clearing Link as described in this publication is subject to the receipt of all regulatory approval. Therefore, the schedule, the concepts and other information presented in the attached documentation are subject to change.
