**Summary:**

In connection with the start of the CCP Release 2.0 simulation on May 17, 2004, Eurex Clearing AG will distribute the software kits for CCP Release 2.0 the evening of **May 7, 2004**, after the close of trading, via file transfer (FTP) over the CCP network. The kits will be sent to the simulation-specific environment of each participant. CCP Release 2.0 is a mandatory release and not backwards compatible. This means that participants must install the latest version of the CCP software in order to participate in the CCP Release 2.0 simulation.

In addition, we will distribute the GATE 3.2 simulation kit including update 1 (see Eurex circular 003/04). Please note that prior to installing the CCP 2.0 software, installation of or upgrade to GATE 3.2, respectively, is mandatory.

Deutsche Börse will monitor the successful distribution of the kits.

The software will additionally be posted on the Eurex website “www.eurexchange.com“ on May 7, 2004 for downloading. For this purpose, please follow the links „Member Section -> Software Kits -> CCP Release 2.0 Simulation”.

Please use your member-specific access data to enter the Member Section on “www.eurexchange.com“.

Installation of the kits should be performed between May 10, 2004 and May 14, 2004. During this period, the Technical Helpdesk will provide support for installation and connection.

Please forward this circular to the relevant departments of your institution.

# Distribution and Installation of CCP Release 2.0 Simulation Kit

In connection with the start of the CCP Release 2.0 simulation on May 17, 2004, Eurex Clearing AG will distribute the software kits for CCP Release 2.0 the evening of **May 7, 2004**, after the close of trading, via file transfer (FTP) over the CCP network[1]. The kits will be sent to the simulation-specific environment of each participant. CCP Release 2.0 is a mandatory release and not backwards compatible. This means that participants must install the latest version of the CCP software in order to participate in the CCP Release 2.0 simulation.

In addition, we will distribute the GATE 3.2 simulation kit including update 1 (see Eurex circular 003/04). Please note that prior to installing the CCP 2.0 software, installation of or upgrade to GATE 3.2, respectively, is mandatory.

The target transfer directories are:

**SUN:** **/opt/gate/transferdir/release21**

**Windows:** **<ftp-root directory>\release21**

Each Member will receive both Windows and SUN kits.

For details regarding installation, please refer to

- the “Installation Notes (readme file)” for CCP 2.0 and GATE 3.2, which will be sent together with the kits
- the document „CCP Release 2.0 Front-End Installation Guide“, which will be provided with a separate circular.

To ensure smooth distribution of the kits, please note the following points:

- at least 90 MB disc space has to be available in the transfer directory on each of your simulation MISSes.
- make sure that the MISSes of your CCP simulation environment are connected to the CCP system without interruption from the evening of May 7, 2004 until the morning of May 12, 2004 to enable the file transfer.
- the necessary read and write permissions for files and folders have to be set correctly.

Deutsche Börse will monitor the successful distribution of the kits.

The software will additionally be posted on the Eurex website “www.eurexchange.com“ on May 7, 2004 for downloading. For this purpose, please follow the links

„Member Section -> Software Kits -> CCP Release 2.0 Simulation”.

Please use your member-specific access data to enter the Member Section on “www.eurexchange.com“.

Installation of the kits should be performed between May 10, 2004 and May 14, 2004. During this period, the Technical Helpdesk will provide support for installation and connection.

Please forward this circular to the relevant departments of your institution.
