| ➲ IT / System Administration | none |

**Summary:**

The production launch of CCP Release 2.0 will take place on **Monday, June 28, 2004**. This circular contains the dates and details of the production kit distribution. In addition, the circular informs you about the connection test after installation of the production kit, scheduled for Saturday, June 26, 2004. Please forward this circular to the relevant departments of your institution.

**Distribution of the Production Kit**

In connection with the start of CCP Release 2.0 production on June 28, 2004, we will distribute the software kits for CCP Release 2.0 on **the evening of Friday**, **June 18, 2004.** The kits will be delivered via file transfer (FTP) over the CCP network to the production-specific environment of each participant. CCP Release 2.0 is a mandatory release and not backwards-compatible. This means that participants must install the latest version of the CCP software in order to participate in the CCP Release 2.0 production.

To ensure a smooth distribution of the kits, please note the following points:

- at least 90 MB disk space must be available in the transfer directory on each of your production MISSes.
- ensure that the MISSes of your CCP production environment are connected to the CCP system without interruption from the evening of June 18, 2004 until the morning of June 23, 2004 to enable the file transfer.

**Installation and Connectivity Test of the Production Kits**

The installation of the production kits is scheduled for **Saturday, June 26, 2004**. The backend will be provided for connectivity tests **between 3.30p.m. and 5.30p.m. CET**. To avoid any risks and delays in connection with CCP processing on the first production day, we strongly recommend reserving this time period for connection.

# Distribution of Production Kit and Connectivity Test for CCP Release 2.0 Production Launch

The production launch of CCP Release 2.0 will take place on **Monday, June 28, 2004**. This circular contains the dates and details of the production kit distribution. In addition, the circular informs you about the connection test after installation of the production kit scheduled for Saturday, June 26, 2004. Please forward this circular to the relevant departments of your institution.

**Distribution of the Production Kit**

In connection with the start of CCP Release 2.0 production on June 28, 2004, we will distribute the software kits for CCP Release 2.0 on **the evening of Friday**, **June 18, 2004.** The kits will be delivered via file transfer (FTP) over the CCP network to the production-specific environment of each participant. CCP Release 2.0 is a mandatory release and not backwards-compatible. This means that participants must install the latest version of the CCP software in order to participate in the CCP Release 2.0 production.

In addition, we will distribute the GATE 3.2 production kit. Please note that prior to installing the CCP 2.0 software, installation of or upgrade to GATE 3.2 is mandatory.

The target transfer directories are:

**SUN:** **/opt/gate/transferdir/release20**

**Windows:** **<ftp-root directory>\release20**

Each Member will receive both Windows and SUN kits.

For details regarding installation, please refer to

- the "Installation Notes (readme file)" for CCP 2.0 and GATE 3.2, which will be sent together with the kits
- the document "CCP Release 2.0 Front-End Installation Guide", which is available on the Eurex website.

To ensure a smooth distribution of the kits, please note the following points:

- at least 90 MB disk space must be available in the transfer directory on each of your production MISSes.
- make sure that the MISSes of your CCP production environment are connected to the CCP system without interruption from the evening of June 18, 2004 until the morning of June 23, 2004 to enable the file transfer.
- the necessary read and write permissions for files and folders have to be set correctly.

Deutsche Börse will monitor the successful distribution of the kits.

The software will also be posted on the Eurex website “www.eurexchange.com” on June 18, 2004 for downloading. For this purpose, please follow the links:

*“Member Section -> Software Kits -> CCP Release 2.0 Production”.*

Please use your member-specific access data to enter the Member Section on “www.eurexchange.com”.

**Installation and Connectivity Test of the Production Kits**

The installation of the production kits is scheduled for **Saturday, June 26, 2004**. The backend will be provided for connectivity tests **between 3.30p.m. and 5.30p.m. CET**. To avoid any risks and delays in connection with CCP processing on the first production day, we strongly recommend reserving this time period for connection.

For questions or for support needed for installation and connectivity of CCP Release 2.0 please contact the Technical Helpdesk (telephone: +49-69-211-1 28 00, fax +49-69-211-1 84 01).
