In connection with the introduction of Eurex Release 7.0 in September 2004, the Programming Version of the VALUES API Modification Notes is now available for downloading on the Eurex website under the following path:

"www.eurexchange.com > Member Section > Software Releases Eurex > Eurex 7.0 > VALUES API Modification Notes – Programming Version"

This document describes the additional changes to the Programming Version of the VALUES API documentation (published in Eurex Circular 059/04).

The final version of this document will be published on July 23, 2004, as announced in the Information Calendar.

Please note that Eurex Release 7.0 also contains changes for the introduction of the Global Clearing Link with the Clearing Corporation. Implementation of the Global Clearing Link is subject to approval by the CFTC and European regulatory authorities. For this reason the schedule, conceptual idea and all further information, as described in the Programming Version of the VALUES API Modification Notes, are subject to change.
