Summary:

1. Eurex Release 7.0 – Distribution of Simulation Kits and Installation Notes

For the start of Eurex Release 7.0 simulation on August 16, 2004, Eurex will send the simulation software kits for Eurex Release 7.0 and GATE 3.3 by file transfer to the registered report nodes from Friday August 6, 2004 after close of trading. Before installing the simulation kit for Eurex Release 7.0, it is compulsory to install GATE 3.3 on all MISSes and workstations.

In preparation for the file transfer, please ensure that the report nodes have sufficient disk space and that the report nodes can be accessed on Friday August 6, 2004 from 21:00 CET onwards.

In addition, from Monday August 9, 2004, the software will be available for download under the following path:

"www.eurexchange.com > Member Section > Software Kits > Eurex 7.0 Simulation"

2. Introduction of Broadcast Streams "Strategy Order Confirmation" and "Strategy Quote Confirmation"

The introduction of Eurex Release 7.0 makes the following broadcast streams available: "Strategy Order Confirmation" (stream "D") and "Strategy Quote Confirmation" (stream "S"). In order to be able to receive the new broadcast streams the subscriptions must be entered in the "eurexsublist.dat file".

1. Eurex Release 7.0 – Distribution of Simulation Kits

2. Introduction of Broadcast Streams "Strategy Order Confirmation" and "Strategy Quote Confirmation"

1. Eurex Release 7.0 – Distribution of Simulation Kits and Installation Notes

For the start of Eurex Release 7.0 simulation on August 16, 2004, Eurex will send the simulation software kits for Eurex Release 7.0 and GATE 3.3 by file transfer to the simulation environment of all participants from Friday August 6, 2004 until Tuesday August 10, 2004. This software will only be sent to the registered report nodes.

The following target directories and disk space will be required for the data transmission:

SUN Solaris (MISS): /opt/gate/transferdir/release01/sun	110 Mb
Windows 2000 (MISS): <ftp-root directory>\release01\win	110 Mb

Simulation kits must be installed according to the instructions contained in the "readme" file, which will be sent together with the kits to the target transfer directory. We urge you to take careful note of the "Installation Guides" for Eurex Release 7.0 and GATE 3.3.

Files, that are no longer required, should be deleted from the transfer directory before the new software is transmitted. Please ensure that the report nodes are connected to the Eurex network on Friday August 6, 2004 from 21:00 CET onwards.

If you have not received the software kits by Tuesday August 10, 2004, please contact the Technical Help Desk on +49-69-211-1 12 00.

In addition, from Monday August 9, 2004, the software will be available for download under the following path:

"www.eurexchange.com > Member Section > Software Kits > Eurex 7.0 Simulation"

Should you experience difficulties logging in to the "member section", please contact Customer Support on +49-69-211-1 17 00.

Before installing the simulation kit for Eurex Release 7.0, it is compulsory to install GATE 3.3 on all MISSes and workstations. To activate the new settings, reboot your system after you have installed GATE 3.3.

Your user profiles: these will be converted from Release 6.1 to Release 7.0 during the upgrade. Please ensure that your user profiles are saved using the "Save Settings" option, before the conversion takes place.

2. Introduction of Broadcast Streams "Strategy Order Confirmation" and "Strategy Quote Confirmation"

The introduction of Eurex Release 7.0 makes the following broadcast streams available: "Strategy Order Confirmation" (stream "D") and "Strategy Quote Confirmation" (stream "S"). In order to be able to receive the new broadcast streams the subscriptions must be entered in the "eurexsublist.dat" file.

The new entries may be made either using the "Configuration Utility" or with an editor, for example, "vi" or "Notepad". The documents "Eurex 7.0 Front End Installation Guide" and "Eurex 7.0 Front End Operations Guide" contain further information about the "Configuration Utility" and the "eurexsublist.dat" file.
