➲ IT / System Administration ➲ Front Office / Trading	None

On September 17, 2004 Eurex will provide the Order Handover Tool (HOT) software kit for Eurex Release 7.0 simulation.

The Order Handover Tool (HOT) is an application independent from Eurex and EurexUS trading systems that supports the transfer of orders between Eurex and EurexUS contracts listed on both systems.

The “readme” file containing the installation details will be published together with the software kits.

Please note that the software kits will only be made available for download from the Eurex website under the following path:

www.eurexchange.com > Member Section > Software Kits > Order Handover Tool (HOT)

The user documentation and installation guide will also be made available on the Eurex website under:

www.eurexchange.com > Member Section > Documentation/Manuals > Order Handover Tool (HOT) > Functional Manuals (User Guide) or > Technical Manuals (Installation guide)

Should you experience difficulties logging in to the “Member Section”, please contact Customer Support Team on +49-69-211-1 17 00.
