Eurex circulars with regard to introductions, modifications and deletions of CCP-eligible instruments will be published with own numbering in a separate category as of **February 1, 2006.**

By merging these circulars Eurex into a new category, Eurex wants to provide participants of the Eurex Exchanges and Eurex Clearing AG a better overview.

Receiving and subscribing to circulars via the Eurex Internet Subscription Service (ISS) will remain unchanged for participants of the Cash Market CCP. Please, just bear in mind that numbering in this category of circulars will restart with “001/06” as of February 1, 2006; consequently, this type of circulars distributed already in January can only be distinguished by the date.

In the password-protected section of the Eurex website, in future the topic “Circulars” will not only be subdivided into Eurex Circulars and Clearing Circulars, but will also comprise the new category “CCP Instruments”. Here, nothing but those circulars will be displayed which relate to Cash Market CCP instruments. All other circulars relating to CCP subjects will continue to be published under Clearing Circulars and distributed to all participants of Eurex Clearing AG.
