Content may be most important for:	**Attachments:**
➲ All Departments	(only available on the website**)** 1. Eurex 8.0 Preliminary Functional Release Notes 2. Eurex 8.0 Preliminary Technical Release Notes 3. VALUES API Modification Notes – Planning Version 4. VALUES API Documentation – Planning Version 5. Preliminary VALUES Headerpackages for Sun/Solaris and Windows

In preparation for Eurex Release 8.0, which is planned to be introduced into production on November 7, 2005, the documents listed above are now available on the Eurex website at **www.eurexchange.com** in the password-protected **Member Section > Software Releases Eurex > Eurex 8.0**. As with earlier Eurex releases these documents are only available in English.

Eurex Circular 019/05 gave a short overview of the technical and functional enhancements contained in Release 8.0 and provided information about the infrastructure changes required.

The documents listed above contain further, more detailed information, in preliminary form, about the changes previously announced. These documents form the basis for planning the interface to in-house applications. The final version of these documents will be available at a later date, as announced in the Information Calendar published with Eurex Circular 019/05.

The Management Boards of the Eurex Exchanges will make decisions on the introduction of the new functions and the corresponding parameters at a later date. Details of these decisions will be published in further circulars.
