➲ Middle + Back Office ➲ Auditing / Security Coordination	Eurex Margin Parameters

Attached please find the specification of the margin parameters which will become effective after the batch run on **October 21, 2005.** The attachment comprises the margin parameters of all products tradable at Eurex.

Please note that the value of margin parameters for those options tradable at Eurex of which the underlying is also admitted for futures on individual equities, will be indicated in absolute figures (“A” flag) and not as percentage (“P” flag) any longer. For this reason, the “Difference” column does not show any value for the respective products.
