Summary:

1. Eurex 6.1 Production Update Kits Distribution

Eurex Release 6.1 was successfully introduced into production on October 27, 2003. An Update Kit for Eurex Release 6.1 Production will be available from November 14, 2003. We recommend that the update kit is installed on all MISS(es) and workstations. Updated software can then be used from November 17, 2003.

The Update Kit will be distributed to members via File Transfer Protocol (ftp) on Friday **November 14, 2003** from 21:00 CET.

2. Eurex 6.1 and GATE 3.2 Advanced Simulation Kits Distribution

Advanced Simulation will be upgraded from Eurex Release 6.0 to Eurex Release 6.1 between November 14, 2003 and November 24, 2003. Until Thursday November 13, 2003 Advanced Simulation will still be available for Eurex Release 6.0, from Tuesday November 25, 2003 Advanced Simulation will be available for Eurex Release 6.1.

The Advanced Simulation Kits for GATE 3.2 and Eurex Release 6.1 will be distributed via File Transfer Protocol (ftp) on Friday **November 21, 2003** from 21:00 CET. Software distribution will only be transmitted to the registered report nodes.

Please forward this circular to your system administrator to ensure that the MISS(es) in the appropriate environment are connected to the Eurex network on the date and at the time stated and that enough disc space is available, in the directories stipulated, to receive the data transfer.

The Software Kits should be installed according to the instructions contained in the “read-me” file that is transferred to the appropriate directory together with the updated software. We recommend that you follow the instructions contained in the Installation Guides for Eurex Release 6.1 and GATE 3.2 carefully.

1. Eurex 6.1 Production Update Kits Distribution

2. Eurex 6.1 and GATE 3.2 Advanced Simulation Kits Distribution

1. Eurex 6.1 Production Update Kits Distribution

Eurex Release 6.1 was successfully introduced into production on October 27, 2003. An Update Kit for Eurex Release 6.1 Production will be available from November 14, 2003. We recommend that the update kit is installed on all MISS(es) and workstations. Updated software can then be used from November 17, 2003.

The Production Update Kit contains minor changes to the front-end software as well as the hot fix made available at the start of production. This means that the Update Kit can be installed independently of the hot fix delivered at production start.

The Update Kit will be distributed to members via File Transfer Protocol (ftp) on Friday **November 14, 2003** from 21:00 CET. Software will only be distributed to the registered report nodes. At the same time downloadable Update Kits will be available in the Member Section of the web site under the following link:

"www.eurexchange.com > Member Section > Software Kits > Eurex 6.1 Production".

Please forward this circular to your system administrator so that obsolete data can be deleted from the directories before the software transfer takes place. Please ensure that your production environment is connected to the Eurex network on Friday November 14, 2003 from 21:00 CET onwards and that at least 60 MB disc space is available in the following target directories for data transfer:

- SUN Solaris (MISS): /opt/gate/transferdir/release00

- Windows 2000 (MISS): <ftp-root directory>\release00

Installation instructions for the Update Kit are contained in the accompanying “read-me” file.

Contact our technical help desk on +49-69-211-1 12 00, if you have not received the Update Kit for Eurex Release 6.1 by Tuesday November 18, 2003.

2. Eurex 6.1 and GATE 3.2 Advanced Simulation Kits Distribution

Advanced Simulation will be upgraded from Eurex Release 6.0 to Eurex Release 6.1 between November 14, 2003 and November 24, 2003. Until Thursday November 13, 2003 Advanced Simulation will still be available for Eurex Release 6.0, from Tuesday November 25, 2003 Advanced Simulation will be available for Eurex Release 6.1. Please note that you will no longer be able to access Eurex 6.0 software in Advanced Simulation from November 25, 2003.

The Advanced Simulation Kits for GATE 3.2 and Eurex Release 6.1 will be distributed via File Transfer Protocol (ftp) on Friday **November 21, 2003** from 21:00 CET. Software will only be distributed to the registered report nodes. At the same time downloadable Update Kits will be available in the Member Section of the web site under the following link:

"www.eurexchange.com > Member Section > Software Kits > Eurex 6.1 Advanced Simulation".

Please ensure that the MISS(es) in Advanced Simulation are connected to the Eurex network on Friday November 21, 2003 from 21:00 CET onwards and that at least 150 MB disc space is available for data transfer in the following target directories:

- SUN Solaris (MISS): /opt/gate/transferdir/release03

- Windows 2000 (MISS): <ftp-root directory>\release03

Advanced Simulation Kits should be installed according to the instructions contained in the “read-me” file that accompanies the data transfer. We recommend that you follow the instructions contained in the Installation Guides for Eurex Release 6.1 and GATE 3.2 carefully. Remember that GATE 3.2 must be installed before Eurex Release 6.1. To activate the new settings, restart the MISS or workstation after installing GATE 3.2.
