Please note: As of today, the Conditions for Trading at Eurex Deutschland and Eurex Zurich are split into two separate documents. The former Part 1 of the Conditions for Trading at Eurex Deutschland and Eurex Zurich will remain being named "Conditions for Trading at Eurex Deutschland and Eurex Zurich", the former Part 2 of the Conditions for Trading at Eurex Deutschland and Eurex Zurich will become a separate document named "Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich". As a result, references to all sections in the Conditions for Trading at Eurex Deutschland and Eurex Zurich and in the Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich have been adapted accordingly.

~~2~~1 Part: ~~Contract Specifications~~

~~2.1 Subpart:~~ Contract Specifications for Futures Contracts

…

~~2.~~1.8 ~~(deleted)Sub-Subpart~~Subpart: Specifications for Futures Contracts on the TecDAX (TecDAX-Futures)

1.8.1 Subject Matter of Contract

(1) A TecDAX Future is a futures contract on the TecDAX (Performance Index). The publications of the Frankfurt Stock Exchange shall determine the composition, weighting and calculation of the TecDAX. The value of a contract shall be EUR 10 per index point.

(2) After the close of trading in the contract, the seller of a TecDAX Future shall pay in cash any difference between the agreed price and the higher final settlement price. The purchaser of a TecDAX Future shall pay in cash any difference between the agreed price and the lower final settlement price.

The final settlement price shall be determined by the Eurex Exchanges on the final settlement day for a contract (subsection 1.8.2 paragraph (2) sentence 2) according to the value of the TecDAX based on the auction prices for the securities included in the TecDAX fixed by the electronic trading system of the Frankfurt Stock Exchange (Xetra) during an intra-day auction determined by the Boards of Management of the Eurex Exchanges.

(3) If any changes are made in the calculation of the TecDAX or its composition or weighting such that the concept of the TecDAX appears to be no longer comparable with the concept that applied when a futures contract was admitted to trading, the Boards of Management of the Eurex Exchanges may order the termination of trading in such contract as of the last trading day prior to the change in the TecDAX. Open positions shall be settled in cash upon the termination of trading. The final value of the TecDAX, calculated on the basis of the auction prices for the securities included in the TecDAX fixed by the electronic trading system of the Frankfurt Stock Exchange (Xetra) during an intra-day auction determined by the Boards of Management of the Eurex Exchanges, shall be used. New contracts shall be introduced in accordance with subsection 1.8.2.

1.8.2 Term, Close of Trading

(1) Terms expiring on the final settlement day of the next, the second succeeding and the third succeeding quarter-end months (March, June, September, December) are available for trading at the Eurex Exchanges.

(2) The last trading day of a contract shall be the final settlement day. The final settlement day shall be the third Friday of the relevant quarter-end month; provided, however, that if such Friday is not an Exchange day, the last trading day prior to such Friday shall be the final settlement day. Trading shall close upon the start of the call phase of the intra-day auction in the electronic trading system of the Frankfurt Stock Exchange (Xetra) as determined by the Boards of Management of the Eurex Exchanges.

1.8.3 Price Gradations

The price of a contract shall be quoted in points without decimal place. The minimum change in price ("Tick") shall be 1 point (EUR 10,00).

1.8.4 Performance, Cash Settlement

(1) The performance day shall be the Exchange day after the last trading day of the contract.

(2) Contracts shall be performed by cash settlement between Clearing Members and Eurex Clearing AG. Each Clearing Member shall be responsible for handling the cash settlements with the Non-Clearing Members served by it and its own customers; the handling of cash settlements by Non-Clearing Members to their customers is the responsibility of the Non-Clearing Members.

~~2.~~2 ~~Subpart~~Part: Contract Specifications for Options Contracts

...

~~2.~~2.10 ~~Sub-Subpart~~Subpart: Specifications for Options Contracts on the Dow Jones EURO STOXX 50 (EURO STOXX Options)

...

~~2.~~2.10.5 Term, Close of Trading, Expiration Day

(1) Options are available at the Eurex Exchanges with terms up to and including the next, the second and the third succeeding expiration days as well as up to and including the next three succeeding quarterly expiration days (March, June, September, December) thereafter and up to the next four half-year expiration days (June, December) as well as the next ~~two~~ five succeeding yearly expiration days.

(2) ...

...

2.31 ~~Sub-Subpart~~Subpart: Specifications for Options Contracts on the TecDAX (TecDAX Options)

2.31.1 Subject Matter of Contract

(1) The option contract relates to the TecDAX (performance index). The publications of the Frankfurt Stock Exchange shall determine the composition, weighting and calculation of the TecDAX. The value of an option contract shall be EUR 10 per index point.

(2) If any changes are made in the calculation of the TecDAX or its composition and weighting such that the concept of the TecDAX appears to be no longer comparable with the concept that applied when the option was admitted to trading, the Boards of Management of the Eurex Exchanges may order the termination of trading in such option as of the last trading day prior to the change in the TecDAX. Open positions shall be settled in cash upon the close of trading. The final value of the TecDAX, on the basis of the auction prices for the securities included in the TecDAX fixed by the electronic trading system of the Frankfurt Stock Exchange (Xetra) in an intra-day auction determined by the Boards of Management of the Eurex Exchanges, shall be used. New contracts shall be introduced in accordance with subsection 2.31.6.

2.31.2 Call Option (Call)

(1) The purchaser of a call option ("Call") has the right to demand a payment equivalent to the difference between the exercise price of the option and any higher final settlement price of the option series ("Cash Settlement").

(2) The writer of a call shall be required to pay in cash, on the Exchange day after the exercise of the option, the difference between the exercise price of the option and any higher final settlement price of the option series; this shall also apply if the exercise is first assigned to the writer on the Exchange day following the day of exercise.

(3) The final settlement price shall be determined by the Eurex Exchanges on the exercise day of the contract on the basis of the value of the TecDAX based on the auction prices of the securities included in the TecDAX fixed by the electronic trading system of the Frankfurt Stock Exchange (Xetra) in an intra-day auction determined by the Boards of Management of the Eurex Exchanges.

2.31.3 Put Option (Put)

(1) The purchaser of a put option ("Put") has the right to demand payment of an amount equivalent to the difference between the exercise price of the option and any lower final settlement price of the option series ("Cash Settlement").

(2) The writer of a put is required to pay in cash, on the Exchange day after the exercise of the option, the difference between the exercise price of the option and any lower final settlement price of the option series; this shall also apply if the exercise is first assigned to the writer on the Exchange day following the day of exercise.

(3) Subsection 2.31.2 paragraph (3) shall apply in respect of the determination of the final settlement price.

2.31.4 Option Premiums

The purchaser of an options contract is required to pay to the writer thereof the price for the purchase of the option right (the "Option Premium").

2.31.5 Term, Close of Trading, Expiration Day

(1) Options are available at the Eurex Exchanges with terms up to and including the next, the second and the third succeeding expiration days as well as up to and including the next three succeeding quarterly expiration days (March, June, September, December) thereafter and up to the next four half-year expiration days (June, December).

(2) The last trading day of an option series shall be the last day on which such option series is available to the Exchange Participants for trading and clearing through the EDP system of the Eurex Exchanges; such day shall be the third Friday of the relevant month; provided, however, that if such Friday is not an Exchange day, the last trading day shall be the Exchange day prior to such Friday. Trading shall close on the last trading day upon the start of the call phase of the intra-day auction in the electronic trading system of the Frankfurt Stock Exchange (Xetra) as determined by the Boards of Management of the Eurex Exchanges. The expiration day for an option series shall be the Exchange day following the last trading day.

(3) An option series may not be cancelled as long as any Exchange Participant continues to hold open positions in such option series.

2.31.6 Exercise Prices

(1) Option series can have exercise prices with price gradations of 50, 100, or 200 points. A point has a value EUR 10 and represents 100 ticks in the EDP system.

(2) Upon the admission of a contract, at least five exercise prices shall be made available for each term for each call and put, such that two exercise prices are "in the money", one is "at the money" and two are "out of the money".

(3) Option series with new exercise prices shall be introduced for an existing expiration month no later than at the beginning of the Pre-Trading Period of a given Exchange day in the event that the last determination of the TecDAX on the Frankfurt Stock Exchange at the close of trading of the TecDAX options on the Eurex Exchanges on the two preceding Exchange days has exceeded or fallen below the average of the third- and second-highest or the third- and second-lowest then-existing exercise prices, as the case may be. In the event that no TecDAX is available at the close of trading of the TecDAX options on the Eurex Exchanges, the reference price shall be determined by the Eurex Exchanges. A new option series shall generally not be introduced if it would expire in fewer than five Exchange days, unless market conditions make such introduction necessary.

2.31.7 Price Gradations

The price of an options contract will be quoted with one decimal place. The smallest price change shall be 0.1 points (EUR 1).

2.31.8 Exercise

(1) The holder of an option purchased on the Eurex Exchanges may only exercise such option up to the end of the Post-Trading Full Period on the last trading day (subsection 2.31.5 paragraph (2)) thereof (European style).

(2) The Eurex Exchanges shall inform the Exchange Participants on each of the last ten Exchange days before the last trading day of an option series of options contracts then becoming due.

(3) Each Exchange Participant is responsible for exercising its options contracts. Subject to subsection 2.31.8 paragraph (4), the Eurex Exchanges shall not automatically exercise any options contracts.

(4) With respect to the principal accounts of Exchange Participants (M- and P-accounts), the Boards of Management of the Eurex Exchanges may order an automatic exercise in accordance with the criteria set by the Boards of Management of the Eurex Exchanges.

(5) In the event of an EDP failure, the Eurex Exchanges must receive a written exercise request from the Exchange Participant concerned (e.g., by letter or fax) no later than the end of the Post-Trading Full Period on the exercise day of the options contract. Any such request transmitted in writing to one of the Eurex Exchanges shall be deemed submitted to all Eurex Exchanges. The exercise request shall be entered by the Eurex Exchanges to the extent possible using reasonable efforts.

(6) The exercise of an option entered during the course of the exercise day may be altered until the end of the Post-Trading Full Period on the date of entry.

2.31.9 Assignment

(1) All exercises shall be assigned to the writers of the exercised option series after the end of the Post-Trading Full Period on the exercise day. Assignments shall be binding.

(2) The Exchange Participants and Clearing Members affected by any such assignment shall be notified thereof during the morning of the following Exchange day.

(3) Assignments shall be made through the Eurex Exchanges by a random selection process conducted in accordance with detailed rules. The assignment method shall be communicated to the Exchange Participants. Any change of such method shall become effective after notice thereof.

(4) All assignments made for the Agent Position Account of an Exchange Participant shall be assigned by such Exchange Participant to the positions of its customers, on the basis of a procedure that ensures the neutrality of the assignment process.

(5) All assignments made for the Principal Position Accounts or M-position Accounts of an Exchange Participant must be performed by such Exchange Participant and may not be transferred onward to its customers.

2.31.10 Performance, Cash Settlement

(1) The settlement day is the Exchange day after the exercise day.

(2) The performance of contracts shall be effected through cash settlement between the Clearing Members and Eurex Clearing AG. Each Clearing Member shall be responsible for handling the cash settlements with the Non-Clearing Members served by it and its own customers; the handling of cash settlements by Non-Clearing Members to their customers is the responsibility of such Non-Clearing Members.
