Hochtief AG: Extraordinary Dividend

On **May 10, 2006**, the annual general meeting of Hochtief AG will suggest to its shareholders the payment of an extraordinary dividend of EUR 0.10 in addition to the ordinary dividend of EUR 0.80.

Ex-day will be May 11, 2006.

As a result of this extraordinary dividend, an adjustment to the Eurex options on shares of Hochtief AG pursuant to Section to 2.6.10.1 (1) of the Contract Specifications for Futures Contracts and Options Contracts at Eurex Deutschland and Eurex Zürich will be required.

The procedure will be as follows:

The closing auction price of the Hochtief AG share on the last cum trading day, May 10, 2006, will be the basis for the adjustment. First, this price will be reduced by the ordinary dividend. The resulting price will serve for determining the adjustment factor (R-factor):

S1 = Closing auction price of the Hochtief AG share

S2 = S1 minus ordinary dividend

S3 = S2 minus extraordinary dividend

R-factor = S3/S2

Adjustment of strike prices will be made by multiplying with the R-factor. The contract size will be increased accordingly, so that the original contract value is maintained.

C1 = old contract size

C2 = new contract size

X1 = old strike price

X2 = new strike price

C2 = (C1*X1)/X2

Strike prices resulting from the adjustment and contract sizes will be published immediately after close of trading on the last cum trading day, May 10, 2006, via the **Market Supervision Messages** window. The version number of existing series will be increased by 1. New series with the standard contract size of 100 and version number 0 will be introduced with effect from the ex-day. All outstanding orders and quotes will be deleted after close of trading on the last cum trading day.

On exercise of an adjusted series, a cash payment will be made for the number of shares in excess of the standard contract size.

On the days prior to the corporate action the **Contract Cover Assignment Entry** window should be used to delete all allocations of shares covering short call positions for the HOT product.

If there are no open positions in Eurex options on Hochtief AG (HOT) on the last cum trading day, May 10, 2006, after close of trading, no adjustment will be made.

Should you have any further questions, please contact the Functional Helpdesk Equity/Equity Index Products at tel. +49-69-211-1 12 10.
