For Users of the Xetra Advanced Simulation:
Availability of Simulation, Distribution and Installation of Xetra Release 9.0 Advanced Simulation Front-End Software

Dear Sir or Madam,

We are pleased to inform the users of the Xetra Advanced Simulation[1] that it will be re-opened on **July 14, 2008.** The simulation environment will be available once again with the usual scope, and will correspond to the software version of the Xetra Release 9.0 production environment. Please note that Advanced Simulation does not comprise Xetra Frankfurt 2.

This circular includes:

- the updated calendar for Xetra Release 9.0 Advanced Simulation for the period of July 14 until the end of November 2008
- information about distribution and installation of Xetra Release 9.0 Advanced Simulation front-end software.

The simulation calendar was published also on the website of Deutsche Börse Group www.deutsche-boerse.com under the path

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Advanced Simulation

[1] Using the Xetra Advanced Simulation requires a signed agreement between the member firm and Deutsche Börse AG. If you are interested in using the Xetra Advanced Simulation, please contact your Key Account Manager.

Jürgen Röthig

Information about Distribution and Installation of Front-End Simulation Software

Distribution:
On Friday, **July 4, 2008**, after close of trading, you will receive the front-end simulation software for the Advanced Simulation environment. Transmission will take place via FTP to your report nodes for both **Advanced Simulation (environment 53) and Permanent Simulation (environment 52).**

The target transfer directories are:

SUN Solaris 10:	**/opt/gate/transferdir/release53** **/opt/gate/transferdir/release52**
Windows Server 2003:	**<ftp-root directory>\release53** **<ftp-root directory>\release52**

Each member will receive both simulation update kits, i.e. the kit for SUN Solaris 10 and the kit for Microsoft Windows.

To ensure a smooth kit distribution, please note the following:

- Deutsche Börse AG will distribute new passwords for transfer directory **xnet53** by Thursday, July 3, 2008. Should you wish to receive the kit via this transfer directory, kindly store the new password before the kits will be distributed.
- At least **120 MB** free disk space has to be available in the transfer directory on each of your MISSes in both simulation environments (52/53).
- Make sure that your report MISSes in both of your Xetra simulation environments will be reachable without interruption from Friday evening, **July 4, 2008** until Tuesday morning, **July 8, 2008** to enable the file transfer.
- Check that the necessary read and write permissions for files and folders are set correctly.

Deutsche Börse AG will monitor the successful distribution of the kits. In case of any transfer problems, another transfer for the next day will be initiated automatically. In addition, the software will be available on the website of Deutsche Börse Group www.deutsche-boerse.com for download as of **July 4, 2008** under the following path:

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Advanced Simulation

Installation:
Participants of Xetra Release 9.0 Xetra Frankfurt Advanced Simulation have to install the initial simulation kit on the **MISSes and workstations** concerned by July 14, 2008. Installation after this date is possible but will delay participation in simulation.

Important: If you are planning to run the permanent simulation including Xetra Frankfurt 2 and Advanced Simulation on the same MISS/workstation infrastructure, it is **mandatory** that you install Xetra 9.0 simulation update 5 before installing the Xetra Advanced Simulation software. Otherwise, smooth operation is not ensured.

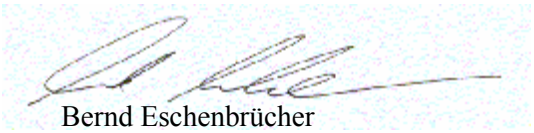

Please refer to the "Xetra 9.0 Frond End Installation Guide" for details. This document can be found on the website of Deutsche Börse Group www.deutsche-boerse.com under the path

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Documentation > Xetra 9.0 > Technical

Information about the installation process is also provided in the "installation notes" file ("readme" file) which will be distributed together with the software kits.

For any further questions you may have, please contact Xetra Customer Technical Support on telephone 49-(0) 69-2 11-1 84 00 or the Xetra Trading Helpline on telephone +49-(0) 69-2 11-1 14 00.

Yours faithfully,
On behalf of the Management Board

Bernd Eschenbrücher

Axel Birk
