With this circular Eurex would like to inform its participants that it will discontinue the Daily Quote Maintenance Report (TC530) upon introduction of Eurex Release 9.0.

The report lists each market maker's daily quoting activities.

Due to the considerable increase of quote volume and the resulting report size the majority of market makers did no longer use this report in the past. As a consequence, Eurex decided to discontinue distribution of the report together with the introduction of Eurex Release 9.0.

Production start of Eurex Release 9.0 is scheduled for November 13, 2006.

In Eurex simulation the report will be made available until September 28, 2006.
