Xetra Release 9.0 Simulation
Information regarding Distribution and Installation of Simulation Update Kit 3
Follow-up Simulation Calendar for the Period of April 21 - June 22, 2008

Dear Sir or Madam,

This circular provides details about distribution and installation of Xetra Release 9.0 simulation update kit 3 for Xetra front-ends Xetra Frankfurt and Xetra Frankfurt 2. In addition, we include the follow-up simulation calendar for the period of April 21 to June 22, 2008.

Simulation update kit 3 does not contain any VALUES changes. Among other things, the following improvements of features will be rolled out:

- The filter feature was improved in some areas.
- Problems with display of orders and quotes in the Xetra J-Trader were solved.
- In the “Report Selection” window, display “Raw Report“ was replaced by “XML“.
- “Instrument Selection“ in Xetra Frankfurt 2 was adjusted due to the large number of instruments per instrument group. Selecting instruments via instrument groups will only be supported in the Ticker.

Information regarding Distribution and Installation of Xetra Release 9.0 Simulation Update Kit 3

Distribution:
On Friday, **April 4, 2008**, after close of trading, you will receive the new front-end simulation software for simulation environments Xetra Frankfurt and Xetra Frankfurt 2. Transmission will take place via FTP to your report nodes. For trading members using @Xetra, the Xetra Release 9.0 simulation software will be available via the Java Web Start technology as of Monday, **April 7, 2008**.

The target transfer directories on the Xetra simulation MISSes are:

For Xetra Frankfurt:

SUN Solaris 10:	**/opt/gate/transferdir/release52**
Windows Server 2003:	**<ftp-root directory>\release52**

For Xetra Frankfurt 2:

SUN Solaris 10:	**/opt/gate/transferdir/release53**
Windows Server 2003:	**<ftp-root directory>\release53**

Each member will receive both simulation update kits, i.e. the kit for SUN Solaris 10 and the kit for Microsoft Windows.

To ensure a smooth kit distribution, please note the following:

- At least **30 MB** free disk space has to be available in the transfer directory on each of your MISSes in both simulation environments (52/53).
- Make sure that your report MISSes in both of your Xetra simulation environments will be reachable without interruption from Friday evening, **April 4, 2008** until Tuesday morning, **April 8, 2008** to enable the file transfer.
- Check that the necessary read and write permissions for files and folders are set correctly.

Deutsche Börse AG will monitor the successful distribution of the kits. In case of any transfer problems, another transfer for the next day will be initiated automatically. In addition, the software will be available on the website of Deutsche Börse Group www.deutsche-boerse.com for download as of **April 4, 2008** under the following path:

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Software > Xetra 9.0

Installation:
Please install the update kits as of April 7, 2008. Starting Tuesday, April 8, 2008, support will only be provided on the basis of the most recent software version for the Xetra 9.0 Release Simulation.

For details about installation, please refer to the "Installation Notes" (readme file) for Xetra Release 9.0 simulation update kit 3 which will be distributed together with the software kits.

Distribution of @Xetra Software via Java Web Start:
For @Xetra customers, all front-end software components will be distributed through the Web Start servers managed by Deutsche Börse Systems AG. By starting the applications available under

http://atxetra.deutsche-boerse.com/xetra/simu/

the download process will be initiated. The Xetra Release 9.0 simulation software will be available for automatic download as of **April 7, 2008**. After the download has been completed, @Xetra customers will be able to log in to the Xetra simulation back-end.

Important: It is compulsory that @Xetra members have **Java jre1.5.0_09** installed on the @Xetra client on April 7, 2008. Also, they must clear the Java cache and the browser cache **before** starting @Xetra.

Follow-up Simulation Calendar for the Period of April 21 - June 22, 2008

Please find attached the follow-up simulation calendar for Xetra Frankfurt and Xetra Frankfurt 2.

The simulation calender was also published in the Members Only Xetra/Floor area on the website of Deutsche Börse Group www.deutsche-boerse.com. To download your personal copy, please visit

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Simulation > Simulation Calendar

For any further questions you may have, please contact Xetra Release 9.0 Simulation Support on telephone 49-(0) 69-2 11-1 93 33 or Xetra Customer Technical Support on telephone +49-(0) 69-2 11-1 84 00.

Yours faithfully,
On behalf of the Management Board

Axel Birk

Holger Patt
