Members' Preparatory Activities

Dear Sir or Madam,

For preparation of the production start of Xetra International Market on November 2, 2009 we would like to inform you about activities prior to the introduction of the new platform. This circular contains the following information:

1) Optional Connection test for Xetra International Market
2) Information on the Enhanced Transaction Solution Interface and Enhanced Broadcast Solution
3) Information on Production start on Monday, November 2, 2009
4) Fallback Procedure for Xetra International Market Production Launch
5) Availability of Simulation Environment
6) Publication of "Xetra Release 10.1 Member Guide – Permanent Simulation"

1) Optional Connectivity test for Xetra International Market

On Friday October 30, 2009 between 10.00 a.m. and 4:00 p.m. CET a connectivity test can be performed, if requested. For this request please contact Customer Technical Support via telephone using your individual VIP number (or contact the general hotline +49-(0) 69-2 11-1 84 00).

The Xetra International Market back-end will also be available for connectivity testing on Saturday, October 31, 2009 between 10.30 a.m. and 1.00 p.m. CET.

2) Information on the Enhanced Transaction Solution Interface and Enhanced Broadcast Solution

With Xetra Release 10.1, the following additional functionality was provided for the Enhanced Transaction Solution Interface:

- Return of valid Gateway IP Addresses in the Session Logon Response
- New port number for connection to Xetra International Market

Updated versions of the documents “Enhanced Transaction Solution - Interface Specification” and “Enhanced Transaction Solution - XML Data Model” reflecting above-mentioned enhancements are available on the Deutsche Börse Group website www.deutsche-boerse.com under the path:

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Documentation > Xetra 10.1 > Interfaces > Enhanced Transaction Solution

Access to Xetra International Market via Enhanced Transaction Solution is enabled through new dedicated trading sessions and port numbers. Receipt of market data via Enhanced Broadcast Solution will take place using new dedicated multicast addresses. For more details please refer to “Xetra Release 10.1 Checklist for Preparation of the Production”. This document can be found on the Deutsche Börse Group website under the path:

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Documentation > Xetra 10.1 > Functional

3) Information on Production start on Monday, November 2, 2009

On Monday November 2, 2009, the back-end Xetra International Market will be started at 2.30 a.m. CET. The trading day with Xetra International Market will start at 7.30 a.m. CET.

For all information on e.g. tradable instruments, trading hours, clearing and settlement please refer to Xetra circular 128/09 published on October 20, 2009.

A list of items which are important prior to the production launch of Xetra International Market will be published on October 29, 2009. This “Points of Interest” list will be available together with the existing and continually updated FAQ list on the Deutsche Börse Group website under the path

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Documentation > Xetra 10.1 > Functional

4) Fallback Procedure for Xetra International Market Production Launch

In the unlikely event of trading not being possible with Xetra International Market after its introduction on November 2, 2009, Deutsche Börse will inform your designated emergency contacts and provide further information.

5) Availability of Simulation Environment

As already announced, after the member simulation for Xetra International Market on October 23, 2009, Deutsche Börse AG will prepare the Xetra International Market back-end for production start on November 2, 2009. Starting November 9, 2009 onwards, simulating Xetra International Market will be possible on the permanent simulation environment of Xetra Frankfurt. Please refer to the *"Xetra Release 10.1 Member Guide – Permanent Simulation"* for setup information on Xetra International Market simulation.

6) Publication of "Xetra Release 10.1 Member Guide – Permanent Simulation"

The "Xetra Release 10.1 Member Guide – Permanent Simulation" provides all necessary information for permanent simulation on Xetra Frankfurt, Xetra International Market and Xetra Frankfurt 2.

The document has been published today on Deutsche Börse Group website in the Xetra/Floor Members Only area. To download your personal copy, please visit

Trading & Clearing > Members Only > Xetra/Floor > Xetra Information > Xetra Simulation > Documents
