Xetra Release 12.0
Publication of Documents

Dear Sir or Madam,

In connection with the introduction of Xetra Release 12.0 scheduled for November 28, 2011, we are providing today further documentation.

We have published today the following documents:

- Release Description
- Xetra Market Data Interface – Planning Version
- Xetra FIX Gateway – FIX 4.4 – Planning Version

The *Release Description* provides a comprehensive overview of the functional and technical enhancements that will be implemented with Xetra Release 12.0.

Document *Xetra Market Data Interface – Planning Version* contains a detailed overview of the new standardised "FIX over FAST" interface for dissemination of netted market information. It describes the interface's functionality, the FIX message formats used and broadcast streams that are available.

Document *Xetra FIX Gateway – FIX 4.4 – Planning Version* offers a detailed overview of the new standardised FIX access to Xetra. It provides a service description of the interface, explains the basic principles of technical access for the customers as well as the FIX message formats used.

Aforementioned documents are available for download on the website of the Deutsche Börse Group www.deutsche-boerse.com under the path:
