Modification to the Exchange Symbol for Bayerische Hypo- und Vereinsbank AG Options

Dear Sir or Madam,

Bayerische Hypo- und Vereinsbank AG wish to change their exchange symbol on both the cash and derivatives markets. In future, the exchange symbol for the stocks will be changed from BVM to "**HVM".**

We will introduce the change into the Eurex system after the close of trading on 23rd November 1998, to take effect from 24th November 1998. On Monday 23rd November 1998 only the 'BVM' exchange symbol will be valid, particularly with regard to reports, theoretical price files and all back-office messages sent during the batch.

No back-office messages will be transmitted to the members' systems during the modification of the symbol. From the start of trading on 24th November 1998 only the new 'HVM' symbol will be valid for all areas of the Eurex system. This change is being carried out in the same way as for the change of the Mannesmann exchange symbol in September 1998.
